

ALLIED FORCES CUT TURKISH BOUNDARIES

Swiftness and Efficiency
of Balkan Armies Has
Surprised All Europe

TURKS ARE DRIVEN BACK

Duration of Siege At Adrianople
Depends Upon Turkish
Endurance

MAY BE STARVED OUT SOON

LONDON, OCT. 26.—The swift-
ness and efficiency of the onwar-
movement of the armies of allied
Balkan states is making Europe open
her eyes. From the north and all
along the line from Greece on the
south they are crowding back the
boundaries on the Ottoman empire in
Europe. The often predicted and
long delayed day when the Turk will
have his back against the wall, seems
at hand.

The two pivotal points of Tur-
key's defense on the north were
Adrianople and Uskup. The Bulgar-
ian army in the east has defeated the
Turks at Kirk-Kilisseh, which is the
strongest outpost of Adrianople
and appears to have almost invested
that fortress. These revolutionary
armies in the west walked into Us-
kup at 2 o'clock today without op-
position. The Turkish garrison there
withdrew on the railway towards
Saloniki. How far it intends to re-
tract and why, are questions. The
only answer to the last question is
that the strength and supplies of the
garrison did not justify an attempt
to make a stand.

There is no position between Us-
kup and Saloniki better suited for a
battle than the one abandoned. The
strategy apparently is to follow the
line of the railway toward Saloniki.
Events about Adrianople are even
more important. The Bulgarians
apparently are proceeding success-
fully with the investment of the
fortress. The Turkish army, which
was defeated at Kirk-Kilisseh did not
fall back upon Adrianople, according
to today's news, but took the road
toward the city and then turned
with the railway to Constantinople.
The second Bulgarian army followed
through the mountains, carrying on
the fight all day in an endeavor to
cut off the retreating forces. The
military critics are asking how many
men Turkey has in Adrianople and
how long they will be able to with-
stand a siege.

There is a general belief that if
the Bulgarian investment is com-
pleted and railway communication
with Constantinople cut, the Turks
will be starved out within a month.
In the meantime the Montenegrins
are pushing their attack on Scutari.
The Greeks have entered a few small
towns in the course of their advance
to the north.

The fact that Turkey apparently
was taken by surprise and that her
most important outposts gave way
does not mean that the allies can
push back indefinitely the Turkish
soldiers, who have a long record for
bravery. The Turkish mobilization
is only under way. She claims to be
able to mass 400,000 men outside of
Constantinople; whereas the allies
have practically their full strength
in able-bodied men already in ac-
tion.

Even if this, which is the first
stage of the war is entirely suc-
cessful for the small states, the second
stage will be more interesting. The
great question will be not whether
Turkey can defend Constantinople
which it is generally believed she
can unless unexpected conditions
develop in the army or revolution
and bankruptcy strike from behind,
but whether she can organize and
equip her forces for an aggressive
campaign which will sweep back
the Balkan armies from the territory
seized in the first stage of the war.
Politically there is one outstanding
fact, that is if the armies of the Bal-
kan kings are able to hold even what
they have gained thus far—and the
entire European press seems to take
it for granted that they can—there
is a new nation in Europe. Instead
of four feeble kingdoms to which
the great powers have given orders
from time to time, there is another
coherent power.

A fortnight ago the great powers
served notice in the form of a joint
note on the belligerents that what-
ever the result of the fighting there
could be no changes in boundary.
The Balkan states are saying today:
"What we have, we will hold."

And the British press at least is
accepting that as a fact. The Bal-
kan states, united and flushed with
victory and under arms, will be a
bristling nettle which the great pow-
ers will hesitate to take hold of. The
chief interest in the war purely from
a technical standpoint is that it is
largely a test of the German school
against the French. The Turkish
army has been trained by General
Vondergoltz and his assistants and
is equipped with German weapons.
The Greek, Bulgarian and Serbian
armies had French instructors.

Washington, Oct. 26.—Col. John
Hancock, a brother of the late Major
General Winfield Hancock, and a
veteran of the Civil war, died at his
home here early today of pneumonia.
He was 83 years old.

STATEMENTS FILED BY THE HUNDREDS

WORK OF HANDLING ALL SENT
IN OVERWHELM CLERKS

Last Day For Filing Statements Makes
Work of Recording Them A Stupen-
dous Task—Fairchild Spends Great-
est Amount of Money.

WASHINGTON, OCT. 26.—State-
ments of campaign expenditures
reached the capitol today by the hun-
dreds to be filed in fulfillment of
the law. Aspirants for seats in the
house of representatives, clogging
the machinery of the house clerk's
office to such an extent that the
work of recording the statements
was suspended and many envelopes
remained unopened. In contrast
with the two or three hundred can-
didates for the house who sent in
statements only six would-be sen-
ators have sent the required ante-
election statements to the senate. The
statements will be considered law-
ful, however, if mailed anywhere
within the United States before mid-
night today. Of the house candi-
dates, Representatives G. W. Fair-
child, Republican candidate in the
thirty-fourth New York district, re-
ported one of the largest sums expended.
The amount was \$2,500. No report
from an opponent was recorded.
James R. Mann, Republican house
leader, reported he had spent \$1,979
while his progressive opponent, T.
D. Knight, spent \$681.

Representative William B. McKin-
ley of Illinois, chairman of the Re-
publican congressional committee,
reported he had spent \$1,850. Caleb
Powers of the eleventh Kentucky is
recorded as having expended \$1,001.

Representative Oscar Underwood,
Democratic floor leader, reported an
expenditure of "nothing."

The senatorial candidates' state-
ments were from George F. Norris
of Nebraska, Senator Borah, Idaho;
T. J. Walsh, Montana; John Sha-
rto, Colorado; D. W. Hamilton,
Iowa, and William Thompson, Kan-
sas.

Representative Norris reports how
he played no favorites with the Re-
publican and Progressive organiza-
tions in his state, having given each
\$150 on September 18. His expendi-
tures were \$181.

Senator Borah reported a dis-
bursement of \$300 while Mr. Walsh
reported an expenditure of \$1,245.
Mr. Walsh swore the Democratic na-
tional committee had contributed
\$2,000 to his campaign and Thomas C.
Buss, \$1,000.

Governor Shaffroth said in his re-
port that he had heard that the
Democratic national committee had
sent \$1,000 to Colorado to assist
Charles S. Thomas and himself in
their senatorial campaign, but he
had been unable to communicate
with those who would verify the re-
port.

Mr. Hamilton reported no contri-
bution and no expenditures. Mr.
Thompson, the Democratic candidate
in Kansas, placed his receipts at
\$700 and his disbursements at
\$1,872.

DOMESTIC MENEGARIES ARE MENACE AS DISEASE CARRIER

Pet Cat or Dog May Bring Dire Dis-
tress Upon Master by Communicat-
ing to Him Contagious Disease.

Chicago, Oct. 26.—Domestic me-
negaries are looked upon with horror
as disease-conveying menaces to the
health in the weekly bulletin of the
Chicago department of health is-
sued today.

Fondling the meek old family cat
may plunge the fondler into rabies,
intestinal and infantile paralysis or
diphtheria, the faithful watch dog
may bring upon his master or mis-
tress dire communicable diseases and
even the parrot is found to be a con-
veyor of no less deadly an ailment
than psittacosis, whatever that is.

Although not many families to
whom the health bureau bulletin is
mailed are believed to be in danger
from familiarity with the cat, dog,
goat or squirrel, the bulletin points
to parasitical dangers lurking in the
vicinity of those animals.

TODAY IS TUBERCULOSIS DAY.
New York, Oct. 26.—Sixty thou-
sand churches in the United States
are expected to observe tomorrow as
tuberculosis day. Prominent clergy-
men in practically every large city
of the country have agreed to bring
to the attention of their congrega-
tions the question of prevention of
consumption and to suggest ways
and means by which church goes
may take in the national campaign
against the disease.

RIOTING IN HAVANA.
Havana, Oct. 26.—A riot broke
out late tonight at a conservative
meeting in a densely populated dis-
trict of the city. The combatants
used knives and pistols. One man
was killed and several were wound-
ed.

The fight apparently was started
by Zayistas. The police finally re-
stored order.

LITTLE GIRL BURNED TO DEATH.
Winnipeg, Man., Oct. 26.—While
playing with matches this afternoon
the clothing of the 3-year-old daugh-
ter of Joseph Montgomery, a farmer
living near Portage La Prairie, Man-
itoba, caught fire and she was so seri-
ously burned that she died an hour
later. Her mother was badly burn-
ed attempting to extinguish the
flames. She probably will die.

ADJOURN UNTIL ELECTION IS OVER

CAMPAIGN CONTRIBUTION COM-
MITTEE WILL ADJOURN

Have Reviewed Republican and Demo-
cratic Campaign Funds of 1904 and
1908—State Contributions Will Next
Be Investigated.

Washington, Oct. 26.—After hear-
ing former Senator Albert J. Bever-
idge tell of returning \$57,500 sent
to him for campaign use in 1904, the
senate campaign contributions com-
mittee today adjourned indefinitely.
Chairman Clapp believes the com-
mittee will hold no more hearings
until after election.

Since Sept. 30, the committee has
been in almost continuous session,
with Senators Clapp, Oliver, Paynter
and Pomerene conducting the ex-
amination of witnesses. J. P. Mor-
gan, Theodore Roosevelt, Charles P.
Taft, George W. Perkins and a score
of other witnesses have testified.

The Democratic and Republican
campaign funds of 1904 and 1908
have been reviewed, and the com-
mittee secured what purported to be
a list of the contributors to the two
million dollars spent by the Repub-
licans in 1904. In addition the
managers of the campaign of Presi-
dent Taft, Colonel Roosevelt, Wood-
row Wilson, Champ Clark and Oscar
Underwood accounted for the funds
expended in the fight for the Re-
publican and Democratic nomina-
tions this year.

The committee has placed in the
record the voluminous correspond-
ence of John D. Archbold of the
Standard Oil Company, with various
men in public life, particularly with
members of the house and senate.
The private correspondence between
the late Edward H. Harriman and
former President Roosevelt during
his administration also was placed in
the record.

While the general amounts of the
various funds have been given to the
committee, no detail of the amounts
contributed and expended in the
various states has been elicited, and
it is expected that the committee will
take up this line of investigation
after election.

SAYS HIS CONVICTION IS "LEGAL BUTCHERY"

From His Cell in the Tombs Becker
Speaks Bitterly to Newspapers
of How He Had Been "Railroaded"

New York, Oct. 26.—"Legal
butchery" is how former Police
Lieutenant Charles Becker character-
ized his conviction for the murder of
Jesse James Rosenthal in a talk with
newspaper reporters today. From his
cell in the Tombs Becker spoke bit-
terly of his fate, declaring he had
been "railroaded," and that could he
have taken the witness stand during
his trial he would have explained
away the public impression that he
had acquired a fortune through lev-
ying graft upon gambling houses.

The strain for the waiting for the
outcome of his trial and the uncer-
tainty by a still faces pending a de-
cision by a higher court on the ap-
peal, his lawyers will make are tell-
ing on Becker's physical condition,
according to his friends.

John P. McIntyre, Becker's coun-
sel, said he was confident of a new
trial for his client.

**ROBBED OF CLOTHING;
IS TAKEN FOR GHOST**
Robert Harris is Victim of Hold-Up
in Chicago and Has Difficult Time
Until Policemen Find Him

Chicago, Oct. 26.—Robert L.
Harris was held up and robbed of
his money and clothing a short
time after he had left a north side
theater here tonight. Harris creat-
ed alarm among pedestrians by
dodging among billboards and trees
on a vacant lot and the cry of
"ghost" was raised which brought
a policeman. Harris had been try-
ing to fine one, but everytime he
appeared on the street, the sight of
women pedestrians drove him back
to shelter, he said.

He was taken to a police station
in his undergarments, and was sent
home in a patrol wagon wrapped in
a blanket.

Harris told the police that two
men met him as he was passing an
alley entrance and at the points of
revolvers made him follow them
into the alley and turn over his
valuables and cash. They were
about to let go of him when one of
them decided to take his overcoat.
The other man claimed Harris' shoes
and one garment followed and
Harris on the quality of his gar-
ments as they aided him to remove
them. Harris' experience was one
of a number of hold ups here to-
night.

The number of crimes of this
character is on the increase in
this city.

MRS. MARY LANDIS DEAD.
Logansport, Ind., Oct. 26.—Mrs.
Mary Landis died here today after
an illness of several months. She
was the mother of K. M. Landis,
of Delphi, and Frederick of Logans-
port, Ind., former representatives
of their respective districts in con-
gress; Walter K. Landis, formerly
postmaster at San Juan, Porto Rico,
and Dr. John H. Landis, of
Cincinnati.

COL. PREPARES TO SPEAK IN NEW YORK

Gets Out of Doors For
First Time Since His
Return Home

IS STILL FAR FROM WELL

Roosevelt Asserts He Will Speak
Wednesday Whether Physi-
cians Consent or Not

IS NOW PREPARING ADDRESS

OYSTER BAY, N. Y., OCT. 26.—
Colonel Theodore Roosevelt at-
tempted to get back to something
like his usual manner of life today
with a walk in the morning and sev-
eral hours of work with his secre-
tary in the afternoon, but long be-
fore the day was over found he still
was far from well. The colonel
dressed early in the day and set out
for a stroll with Mrs. Roosevelt. It
was the first time he had been out
of doors since his return. They went
down the hill as far as the tennis
court and sat in the sun for a few
minutes then turned back toward
the house. When he began to
climb the hill, Colonel Roosevelt
realized how weak he still was. He
was glad of a rest when he reached
the house.

He found his secretary waiting for
him and worked for an hour with
his correspondence. This afternoon
he said he must complete the
speech he expects to deliver in New
York next Wednesday night. He re-
mained at work until the task was
ended but found that it taxed his
strength. He was greatly fatigued
and stopped work for the day.

Receives No Visitors.
No visitors were received at Saga-
more Hill today. Colonel Roosevelt
has found by experience in the last
day or two that if he talks too long
at a time, he becomes exhausted and
must go to bed. He agreed with his
doctors yesterday that he would do
no more talking than was necessary
today and hoped that by Monday he
would be able to see as many visi-
tors as he wished. He also planned
to work several hours a day from
Monday on.

There was some doubt tonight,
however, whether the colonel could
go on with his program. Dr.
George W. Failer of Oyster Bay,
one of his physicians, impressed
upon him the necessity for avoiding
over-exertion if he is to gain suf-
ficient strength to make his speech
next week.

Bound to Make Address.
Colonel Roosevelt declared that
he will make the speech whether or
no. His physicians fear that unless
he is considerably stronger on Wed-
nesday he will become exhausted
and will be unable to finish his
speech. The address he has pre-
pared will require about 25 minutes
for delivery.

There is to be a dinner at Saga-
more Hill at 2 o'clock tomorrow af-
ternoon to celebrate the fifty-fourth
birthday of the head of the house.
At dusk today, Mrs. Roosevelt walk-
ed down the hill and met one of her
boys, Quentin, who came home
from Groton academy for the birth-
day celebration. Archie, who is at
Andover academy, was unable to
come on account of "examinations"
and Kermil is in Brazil. Theodore,
the other son, arrived from New
York tonight with his wife and
baby. All day long messages of
congratulation were coming in as
well as boxes of gifts.

Sends Dickinson Telegram.
Colonel Roosevelt today sent a
telegram to Don M. Dickinson of De-
troit, who was a member of Presi-
dent Cleveland's cabinet and long a
Democratic leader in Michigan. Mr.
Dickinson sent word while the
colonel was in a hospital at Chicago
that he had decided to support him.
Colonel Roosevelt was unable to
reply to the telegram which reached
him in the hospital and one of his
secretaries answered it for him,
sending a formal message of thanks.
Today Colonel Roosevelt heard for
the first time of Mr. Dickinson's
telegram.

"Your telegram has just been
brought to my attention," he wired
Mr. Dickinson. "I am profoundly
touched and moved by your support.
There is no man in this country
whose action could appeal to me
more than yours appeals. I value
your action particularly because I
am anxious to make it evident that
this is a movement genuinely in-
dependent of both the old parties
and one which should appeal to all
good citizens alike, and to the
former Democrat precisely as to the
former Republican."

BRYAN ATTACKS ROOSEVELT.
Chicago, Oct. 26.—William Jen-
nings Bryan made four speeches
here tonight in behalf of the Demo-
cratic ticket. He was in good voice
and declared that he intended to
keep on speaking until the end of
the campaign. In his speech on the
Northwest side, Colonel Bryan at-
tacked Colonel Roosevelt and Geo-
rge W. Perkins as alike, insincere
in their professions of progressivism.
To Colonel Roosevelt he said the
title progressive was but a synonym
for "Roosevelt" and that was his
only interest in it.

THREE DIE IN BAD WRECK ON WABASH

DEAD AND INJURED ARE TAKEN
TO DECATUR

Seven Are Seriously Injured, One Prob-
ably Fatally, as a Result of Wreck
When Freight and Work Train Col-
lide on Curve.

Decatur, Ill., Oct. 26.—Three were
killed and seven injured, one prob-
ably fatally, in a collision between a
freight and a work train tonight at
7 o'clock one mile south of Worcen,
Ill., on the Decatur and St. Louis
division of the Wabash. A relief train
made up at Taylorville is bringing
the dead and injured to Decatur.

The Dead.
J. M. Schmidt, brakeman, Decatur;
C. Smith, fireman, New York;
J. D. Doris, fireman, Decatur.

The Injured.
H. P. Nease, engineer, left shoulder
dislocated, right shoulder bruised.
Robert Welsh, conductor, bruised
right arm, bad cut on chin, nose
broken.
A. H. Taylor, brakeman, thighs
and left leg badly bruised.
Eugene Stern, brakeman, both
arms bruised, not serious.
J. N. Nathion, brakeman, badly
cut about the right temple, right
ear cut, left lip bruised.
F. E. Yonkers, engineer, both lips
badly split, front teeth knocked out,
injured internally, condition very
serious.
Harry Miller, fireman, deep scalp
wound, ears badly torn.
Engine No. 225, carrying a ca-
boose only was proceeding north-
ward, and engine 2015 was backing
south pulling a train of freight cars.
The collision occurred on a curve,
giving the trainmen little or no
warning.

Doctors were rushed to the wreck
from Staunton and Worden, and the
relief train from Taylorville. The
relief train bringing the injured to
the Wabash hospital in Decatur ar-
rived at one o'clock Sunday morning.

FIREMEN SNEEZE WAY TO VICTORY OVER FIRE

Are Called to Perilous Task of Ex-
tinguishing Flames in Snuff Fac-
tory—Empty Two Barrels of Snuff

Chicago, Oct. 26.—Firemen suc-
ceeded in their way to victory in exting-
uishing flames which attacked the snuff
factory of Herman Groza here to-
day.

"Right in he—ah—chooo," order-
ed the battalion chief, as he led his
men into the factory.

"Come in, chief—ah—chooo," ex-
ploded the man in reply.

Two barrels of snuff were tipped
over and emptied by leads of hose
and spectators moved back, appre-
hensive that the hay fever belt had
followed the Indian summer in
Groza's shop.

Raymond J. Howe, a fireman
sneezing lustily in the front ranks,
was so exhausted he required an
ambulance physician's attention.
Then two firemen still sneezing ex-
tinguished the fire with buckets of
water.

PRODUCE EVIDENCE IN COURT

Indianapolis, Ind., Oct. 26.—Alarm
clocks, gun shoes, nitro-glycerin
cans, tags from dynamite packages,
and wire were produced before the
jury at the "dynamite conspiracy"
trial today and identified by Martin
J. Hyland, chief of police of Indian-
apolis, as having been taken from
the vaults of the International As-
sociation of Bridge and Structural
Iron Workers on the night that J. J.
McManis was arrested.

Photographs of packages of dynam-
ite also were identified by Chief
Hyland, all the exhibits which
were introduced by the government
to sustain the contention that the
forty-five men on trial are equally
guilty with the McManis brothers
and Orrie E. McManis in causing
explosions were piled in heaps on the
floor before the jury.

BAN ON RUMMAGE SALES.

Rummage and second hand sales
have fallen under the ban of the
Springfield health department. In an
order issued Saturday, Dr. George
T. Palmer, superintendent of the de-
partment, states that rummage and
second hand sales would be a men-
ace to the health of the community
at this time, owing to the prevalence
of diphtheria and scarlet fever in
and around Springfield.

WILL PROBE "MONEY TRUST."

Washington, Oct. 26.—With a
large clerical force working out an
enormous scheme of financial sta-
tistics, the house committee on bank-
ing and currency plans to plunge in-
to an exhaustive investigation of
the so-called money trust on Novem-
ber 15. Subpoenas already have
been issued for the witnesses to be
called early in the hearings, and
are now in the hands of the sergent-
at-arms of the house to be served.
J. P. Morgan, George W. Per-
kins, George F. Baker, Cleveland H.
Dodge, John D. Rockefeller and
practically every other financier
prominent in New York banking cir-
cles are expected to be questioned by
the committee in its efforts to dis-
cover whether a group of rich men
has a controlling grip on the finances
of the country.

GHASTLY FIND IS MADE IN ST. LOUIS

PARTLY DECOMPOSED BODY
OF WOMAN IN EMPTY HOUSE

Police Led To Discovery By Note Sig-
ned "Janie Ashley" --- Rumor That
Body Was Placed By Medical Stud-
ents Not Confirmed.

ST. LOUIS, MO., OCT. 26.—The
nude and partly decomposed body of
a woman with five gashes on the
head, a rope around the neck, a gag
in the mouth and the hands tied to-
gether, with a cloth, was found here
today in the basement of a house
which had been vacant since Sept.
3rd. One end of the rope was
wrapped around a gas pipe in such
a way that it supported the body in
a sitting posture. Indications were
that the body had been in the base-
ment for some weeks. The cuts on
the head it was said at the morgue
might have been made with a
hatchet, no weapon or instrument
with which the cuts on the head
might have been made, were found
near the body.

The finding of the body was the
result of a note received by Chief
of Police Young which read:
"If you will go to 2307 Locust
street you will find a man's body
hanging."
(Signed)
"Janie Ashley."

The face was hidden in a gunny
sack which had been drawn over
the head. The only recognizable
feature was the woman's dark
brown hair. Beside the body was
a pile of clothing, all of it much
worn. On the floor also near the
body was a local paper dated Sept.
28th, which displayed a story of
the arrest of men alleged to have
been connected with the New West
Minster, H. C. bank robbery. The
last tenants of the house were un-
able tonight to aid the police in
identifying the woman.

May Have Been Hoax.
Police tonight investigated with-
out reaching a conclusion a rumor
that medical students probably
placed the body in the basement and
arranged it so that to all appear-
ances a murder would be indicated.

MOTORCYCLE POLICEMEN CHASE AUTO THIEF

Resourceful Bandit Gives Officers
Lively Race—Freight Train Blocks
Way and He Ditches Car and Takes
the Freight.

Chicago, Oct. 26.—Chase of a
fleeing automobile thief by two mo-
torcycle policemen brandishing re-
volvers and firing at the fugitive,
gave the South Side a thrill today.
The pursued and pursuers swept
to Garfield Boulevard and down the
driveway at a speed of forty miles
an hour.

Strollers, motorists and nurse
alighting their charges hastily cleared
the road as the stolen machine dashed
past, followed by the policemen
intent to overtake it, yell-
ing for it to stop and firing into the
car.

The chase was brought to an end
by a freight train on the Panhandle
tracks which crossed the Boulevard,
but the resourceful thief wheeled the
car along side the moving train and
without stopping it, leaped on a
freight car. He escaped. The auto-
mobile continued on its career alone.
It bounced off the freight train,
careened into a post and rolled into
a ditch. Seven bullet holes were
found in its back.

NEW AID TO TEMPERANCE.

Washington, Oct. 26.—The cause
of temperance has found a new ally
in the moving picture show, members
of the District of Columbia ex-
cise board are inclined to believe, after
receiving reports from its saloon in-
spector to the effect that proprietors
of drinking establishments are com-
plaining of a falling off in business.
It is said a number of proprietors
place the blame on the moving pic-
ture theaters, claiming the head of
poorer families, instead of dropping
into the corner saloon after dinner,
takes his wife and children to a
five-cent theatre.

SERVED HIS YEAR'S SENTENCE.

New York, Oct. 26.—George Gra-
ham Rice, the mining investment
promoter who was sentenced in the
federal court here to spend a year
in jail, because he used the mails to
defraud, stepped forth from the pen-
itentiary today, having served his
time.

Rice furnished the brains behind
B. F. Sheffield & Co., the Broad
street firm which agents of the de-
partment of justice raided, carrying
Rice and five other men away as
prisoners.

Rice's real name is Simon Jacob
Herzig.

ADVISE RETURN BY TRAIN.

Fort Wayne, Ind., Oct. 26.—
Arthur Smith placed his fiancée Miss
Ames Cour, beside him in his bi-
plane today and flew to Hillsdale,
Michigan, 75 miles away, where
they were married.

The parents of the young woman
had objected to their marriage but
tonight when they learned of the
flight and wedding, they telegraphed
Smith that he would be forgiven,
but ship his machine by freight and
return with their daughter on a
train.

RAPS CHARACTER OF ROOSEVELT BACKERS

Says Nature Of Bull Moose
Movement Is Shown BY
Characters Behind It.

TELLS OF HANNA'S FINE

Hanna's Indictment For Rebat-
ing Turns Capitlist Against
Taft's Administration.

PARTY BORN IN MALICE

CIRCLEVILLE, PA., OCT. 26.—
"Conceived in ambition, born in
malice and nourished on mis-repre-
sentation of the president and the
Republican party." So said Attorney
General Wickersham of the progres-
sive party in his third Ohio speech
advocating the re-election of Presi-
dent Taft here today.

"Some estimate," he said, "might
properly be made of the nature of
the Roosevelt movement by consid-
ering the character of the four men
who supported the colonel with foun-
tain pens and open check books."
Perkins, Hanna, Munsey and Plinn.

Attorney General Wickersham de-
clared that Mr. Hanna's interest in
the Roosevelt third party movement
was born coincidental with Mr.
Hanna's indictment by a federal
grand jury in April, 1911, for rebat-
ing.

"The prosecution arose out of a
report made by the inter-state com-
merce commission to the attorney
general showing the relation between
Mr. Hanna's dock companies at Asta-
bula and the railroad companies over
which ore was shipped," said the
speaker. "The matter was sent by
the attorney general of the district
attorney at Cleveland who laid it be-
fore the grand jury which found in-
dictments against the companies and
Hanna, McCabe and Ireland."

"Hanna was highly indignant and
sent a thinly veiled threat to Presi-
dent Taft that unless he dismissed
the indictment Mr. Hanna's influ-
ence and that of his newspapers
would be thrown against him. The
president declined to be influenced
by these threats."

"Mr. Hanna and the other individ-
uals were finally let go with the
understanding that their companies
and the railroad companies should
plead guilty and pay fines aggregat-
ing upwardly of \$123,000. Instead
of showing an appreciation of the
tendency of the government, Mr.
Hanna has from the moment of his
indictment fought against the re-
nomination and re-election of the
president and extended in support of
Roosevelt more money than the ag-
gregate fines paid the government.
That is an example of the type of
men and motives of Colonel Roose-
velt's principal supporters."

MINISTER SENTENCED TO DEATH IN ELECTRIC CHAIR

Superintendent of South Carolina
Odd Fellows' Home Receives Sent-
ence Commensurate With Crime.

Greenville, S. C., Oct. 26.—Found
guilty today of having an offense
against three little girls in the South
Carolina Odd Fellows' Home, of
which he was superintendent, Rev.
Thurston U. Vaughn, once promi-
nent as a minister, was sentenced
to death in the electric chair on De-
cember 20, at the state prison at
Columbia.

The trial was brought to a sensa-
tional close when Vaughn made a
confession. In finding the verdict of
guilty the jury took only four min-
utes for its deliberations and made
no recommendations of mercy for
which Vaughn had pleaded after his
confession.

TAFT ONLY PROGRESSIVE.

Philadelphia, Pa., Oct. 26.—Frank-
lin MacVeagh, secretary of the treas-
ury, at a Republican mass meeting
here tonight declared that the "one
great American progressive leader to-
day is William Howard Taft."

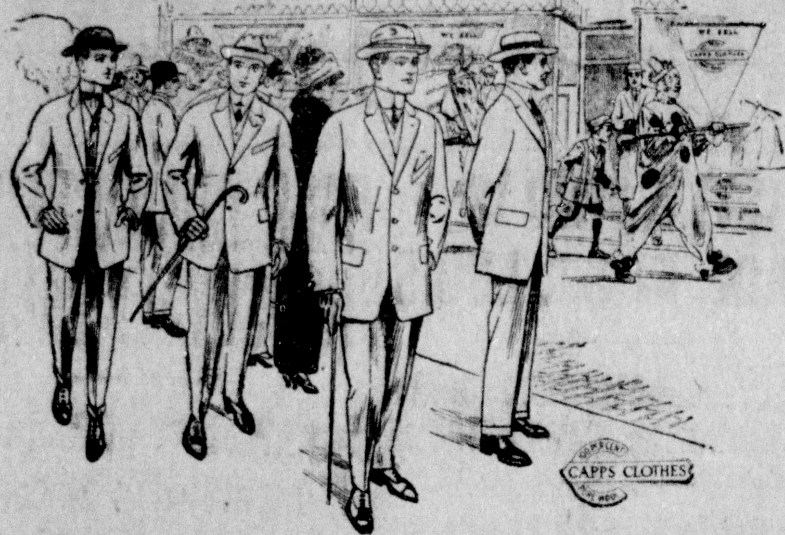

"I do not believe," he said, "that
the progressive party or the Demo-
cratic party is progressive. I be-
lieve that the only party in this
country that is safely and sanely
progressive is the Republican party."

WEATHER INDICATIONS AND TEMPERATURES

Washington, Oct. 26.—For Illi-
nois—Fair Sunday and probably
Monday, little change in tempera-
ture; light variable winds.

BOY TO LECTURE HERE.
Tuesday evening at 8 o'clock at the Woodmen hall on the south side of the square, Harold Kessinger, known as America's foremost boy lecturer, will give a lecture on "The Lessons of the Titanic." Kessinger is highly recommended as a lecturer and comes here under the auspices of the Women of America.

Men who know the worth and style of Fowles Imported Gloves will be pleased to learn that FRANK BYRNS has added this durable line of Men's Gloves to his already large assortment.

SUFFERS PARALYTIC STROKE.
John Cleary of this city suffered a paralytic stroke at the home of his daughter, Mrs. Andrew O'Day at Kahoka, Mo., recently and his condition is quite serious. His sons, Phil and John W., are in Kahoka at their father's bedside. Mr. Cleary is 81 years of age and has been failing in health for some months. Mr. and Mrs. Cleary have been visiting at the home of their daughter for the past four weeks.

FARMERS INSTITUTE COMPLETES WORK

LARGE ATTENDANCE AT SATURDAY'S SESSIONS OF WAVERLY MEETING.

Hon. A. P. Grout Discussed Cattle and Alfalfa and the Benefits of Using Silage — Many Women Heard Mrs. Bangs Address on Home Topics—Awards Made for Various Exhibits.

Saturday was the second day of the Morgan county Farmers' Institute at Waverly and the sessions were well attended. By many who attended the institute this year was termed the best ever held in the country. The awards on exhibits were made Saturday and the names of the winners are given herewith. The exhibits were many and mighty creditable to Morgan county.

Feeding Alfalfa.
Saturday morning Hon. A. P. Grout discussed the subject of beef cattle and alfalfa. The gentleman is well posted on the question of alfalfa and showed by his remarks that there is much yet to learn in the way of fattening live stock. The ever present question of the balanced ration is before the people and must be met intelligently if we are to succeed. Carbon is what makes fat and it prevails largely in corn but protein is what makes muscle and it is as necessary and for the purpose five tons of alfalfa which may reasonably be expected from an acre of alfalfa properly cared for, intelligently, planted on properly prepared soil, is worth for feeding purposes 200 bushels of corn, 350 bushels of oats, ten tons of timothy hay and so on. Our land is getting more and more valuable and if we are to care for it properly we must use judgment in what we raise on it. The man with a small farm may have a few acres of alfalfa and he will find it more profitable than almost anything else he can raise. It should be cured properly and fed with judgment and the results will be that our cattle will command the top prices in the great markets of the country.

Farm Power Plants.
By J. T. Elkblan of the University of Illinois.

The farm power plant was the theme of the fine address. When power depended on steam alone the engine was too expensive and cumbersome to admit of general use and could not be taken into account but the gasoline engine is practicable and within the reach of almost any farmer of fairly ample means. Gasoline is far cheaper than muscle and the ideal farm house and barn will have a gasoline engine or engines which do the work of many persons. The good housewife will no longer dread wash day if she can set her engine attached to the washing machine going and have it do the washing and wringing while she looks on or reads the paper. Feed cutting, wood cutting, water pumping, implement grinding, silage cutting and a thousand and one things may be done with the gasoline engine.

Silos and Ensilage.
Mr. Grout spoke on silos and ensilage at the afternoon session. A silo enthusiast says that the Mississippi valley wastes a hundred million dollars worth of feed each year by husking the corn on the standing stalk and burning the latter or chopping it and plowing it under. A silo is within the reach of almost any farmer and if the man with less than a hundred acres of land can combine with a few neighbors and buy a cutter, they can generally hire the power to do the work. Ensilage easily saves forty per cent of the crop and makes winter feeding a pleasure. One had 24 acres of corn. He put half of the fodder into a silo and cut the other half. He fed ensilage and crushed corn for a balanced ration and in caring for sixty cattle during the severe winter he employed just thirty minutes on the average each day, corn crushing and all and his stock came through in fine condition.

The wilful waste of forty per cent of our corn crop must cease if we are to succeed. Silos are made of lumber, concrete or vitrified blocks and are a boon to the careful farmer.

The Home Mrs. Bangs Theme.
Mrs. Bangs of Chicago talked Your Home and Mine. The lady said she did not come to parade the beauties of her home or its superiority but to have a plain talk on the possibilities which lie within the reach of nearly all. Convenience, economy, safety and many other things should be regarded in planning a country home. She told of her own home and the conveniences which saved so many steps. It is claimed that many farmers' wives lose their reason and no wonder for some of them are worked beyond their strength. Carrying water a distance and drawing hand over hand; wood or coal inconveniently situated, a poor cellar and a host of things which may be avoided by any farmer will save the good housewife many steps and much hard work.

Yellow Corn—Boys' and Girls' Class.
First, Florence Magnus; second, Ruth Dunseth; third, Raymond McGrimm; fourth, Ina Bennett; fifth, Elmereth, Criswell; sixth, Fred Burchett; seventh, Van Seymour.

No Need to Worry:

About the durability of the building you erect if you purchase the lumber, in the yard of

Crawford Lumber Co.

Every Member of the Family Wants Good Coffee

ROBERTS' BLENDED COFFEE—The successful result of years of painstaking effort on our part to duplicate in the breakfast cup, regardless of cost or selling price, that wonderful flavor, pungency and strength of the now almost extinct genuine OLD GOVERNMENT JAVA & MOCHA of a generation ago.

ROASTED WITH CARE—Roasting has played an important part in this achievement. Each berry is perfectly cooked through and through, regardless of the enormous shrinkage.

STEEL CUT INSTEAD OF GROUND—Instead of crushing or pounding Roberts' Blends of Coffee into an uneven mass, thereby impairing the strength and flavor, it passes, on each individual, order through a series of steel knives which granulate the berry into uniform, clean cut particles, producing a rich, clean brew of the FINEST COFFEE YOU EVER TASTED.

SOLD IN BULK—Roberts' Blended Coffee is sold by us exclusively in bulk, direct to you. By so doing we save you the expense of the can, label and labor, saying nothing of the advertising.

MUELLER'S MACARONI—Our sale on Mueller's Macaroni has been well nigh phenomenal and already satisfied customers are coming back and asking for more of the Mueller brand. It has a flavor, a general excellence which can be proven to any consumer.

Mrs. Ida Birk has returned to her home in Winchester, after a visit with Mrs. J. H. Crim and Mrs. J. H. Gill of West College street. These ladies have been friends from girlhood and it is needless to say that the time has been pleasantly spent.

Miss Hazel Birk, daughter of Mrs. Birk, who has also been here, will return with them.

Men's Underwear from many of the best factories are sold by FRANK BYRNES' Hat Store.

DISTRICT SOCIETY
MET AT MURRAYVILLE.

Women of Presbyterian Churches Considered Missionary Themes—New Officers Chosen.

The district missionary meeting was held on Thursday with the good ladies of Murrayville Presbyterian church, who gave a cordial and hearty greeting to delegates from Virginia, Winchester, Orleans, Jacksonville, Woodson, Manchester and Murrayville.

The day was perfect and the fine program was greatly enjoyed. The pretty Murrayville church was decorated with autumn flowers and cheerful with bright sunshine and cordial welcome. The president, Mrs. R. R. Stevenson of Jacksonville, called the meeting to order at 11 a. m. for the business session. After a hymn, Miss Phillips led the devotional, followed by reports of various churches present as to work, methods, etc., in the several societies. It was a great pleasure to have present the beloved Presbyterian president, Mrs. Brainard of Lincoln, and the synodical president, Mrs. C. C. Brown of Springfield. These ladies made earnest pleas for formation of study classes in each society. Mrs. Stevenson appointed as a nominating committee, Mrs. Masconcellos, Mrs. Cunningham and Mrs. King. After a beautiful luncheon delightfully served by the hospitable ladies of Murrayville, the afternoon session was called and opened by the singing of several hymns. Mrs. Brown gave reports from the meetings of the general assembly and synod. Mrs. Brainard spoke most fully upon the present state in China, the opportunity for the gospel and showed how the millions are reaching out for light. A leaflet was read by Mrs. King and a letter from Mr. Cunningham, who is now in China, by his sister, Mrs. Cunningham of Jacksonville. The nominating committee reported as follows: President, Mrs. R. R. Stevenson; vice-president, Mrs. Cunningham, Jr.; home department, Mrs. Russell of Woodson. After a vote of thanks to the good ladies of Murrayville for the delightful entertainment the meeting adjourned to meet next year at Woodson.

If you must bet see that the hat comes from Garland & Co's.

Bergschneider for Rings.

COUNTY VISITORS.

Arrivals Saturday in the city from Alexander and vicinity were Mr. and Mrs. S. Watred and son Chester, Mrs. Al. Kumble and daughter Emily, Mrs. Henry Perry and John Erickson and son William.

AUTOISTS HAVE NARROW ESCAPE

MACHINES IN HEAD-ON COLLISION NEAR BERLIN.

Mrs. Fred Vermillion of Springfield is Seriously Injured and Other Occupants Bruised and Scratched.

As the result of a head-on collision between two automobiles, near New Berlin Saturday night at 5:30 o'clock, Mrs. Fred Vermillion of Springfield, received a double fracture of her left arm, and internal injuries. The other occupants were scratched and bruised. The automobiles were driven by Fred Vermillion of Springfield and John Staley of Laomi. The machine of the former is a total wreck and Mr. Staley's car burned in the sight of the tourists.

The accident happened at the cross roads, two miles north of New Berlin and one-half mile west of Old Berlin on the state road. Mr. and Mrs. Fred Vermillion and son Ralph, had been to Roodhouse, visiting with Mr. Vermillion's father, Joseph L. Vermillion. They were being accompanied home by his wife's sister, Mrs. C. H. Libby and husband of Roodhouse. The party were in Jacksonville at 4 o'clock and after a short stay here took the state road for their home in Springfield.

The occupants of the other car were Mr. and Mrs. John Staley, another lady and small child. They were returning to their home in Laomi. Both cars were going at a good rate of speed and were upon each other before they knew it. Mr. Vermillion turned his car to avoid the collision but with the result that both machines came together with terrific force. The Vermillion machine was a "Great Western." It turned completely over and around once. Mr. and Mrs. Vermillion were pinioned beneath the machine. The other occupants were thrown several feet from the car. The same thing happened to the occupants of the Staley car. It turned turtle and the tourists landed several feet away.

It was all done so quickly that none realized for a moment the seriousness of the accident. It was fully fifteen minutes before Mr. and Mrs. Vermillion could be taken from beneath the machine. In the meantime the Staley car took fire and burned completely. The Staley party received a number of painful bruises, but it is thought nothing serious.

Aid was summoned and the Vermillion party was taken to New Berlin, to the office of Dr. J. C. McMillian. It was found on examination that Mrs. Vermillion had received a double fracture to her left arm and internal injuries, the extent of which were hard to determine. Mr. Vermillion was bruised on the arms and leg and also injured in his back. Their son, Ralph, received a bad cut on his head and Mr. and Mrs. Libby were severely bruised about the arms and body. The family waited for the Wabash train to take them to Springfield where Mrs. Vermillion was removed to the hospital. Mr. Vermillion is a well known photographer of the Capital city.

Get the guaranteed boys' clothing it cost no more. Garland & Co.

WELL QUALIFIED FOR OFFICE. John A. Rawlings, Republican candidate for circuit clerk, has filled that office acceptably for nearly four years past. The records of the office have been kept in excellent shape and the system of handling the general business has been improved in several ways. The high standard of efficiency which prevails in the office has been commented upon by officials from many counties and therein lies the reason that Mr. Rawlings is holding an important office in the state organization of circuit clerks. He is deserving of re-election.

Fred L. Gregory, Republican candidate for state's attorney, has been practicing law for 12 years. He is well educated, has had good training and experience and is a young man of high character. If elected to the important office for which he is running he will devote his time unreservedly and unflinchingly to his duties.

NARROW ESCAPE FROM
SUFFOCATION BY GASSamuel Goodpasture Found Uncon-
scious in Hotel at Beardstown.

Samuel Goodpasture of Concord was found unconscious in his room at the Goodell Hotel at Beardstown Saturday morning by the clerk, Mr. Goodpasture was overcome with gas and the jet was slightly turned on.

Mr. Goodpasture went to Beardstown Friday noon to transact some business and when he went to the hotel for the night he left word with the clerk to call him for the early morning train, as he expected to return to his home Saturday morning. When the clerk went to call Mr. Goodpasture he received no response and upon entering the room found that it was filled with gas and that Mr. Goodpasture was unconscious. He turned off the gas, opened the windows and called Dr. Sohles. Saturday afternoon, Mr. Goodpasture, although still unconscious, showed quite an improvement and Dr. Sohles is quite hopeful of the recovery of the patient.

While it is not known, it is thought that during the night Mr. Goodpasture, upon awakening, lighted the gas to see what time it was, and did not turn it completely off. As it will be two or three days before the patient can be moved, Mrs. Flossie Turley has gone to Beardstown to be with her father.

HALLOWEEN PARTY.

A company of young people was entertained at a Halloween masquerade party Saturday evening at the home of W. W. Lindsay, two and one-half miles south of Arnold. An oyster supper with all of the trimmings was served, after which the evening was very pleasantly spent with music and games. Prizes were won by Cecilia Sperry, Elsie Bieber, Ray Spillman and Harold Spencer and the awards for costumes were to Maude Henderson, William Bieber, Clara Fernand, Ray Spillman and Nina Mahoney.

Among those present were: Misses Maude Henderson, Nina Mahoney, Minnie McGloshen, Cecilia Sperry, Clara Fernandes and Ruth Stubbelfield, Roy McLain, John Phalen, Ray Spillman, H. Carpenter, Earl Carpenter, Harold Spencer, Mr. and Mrs. William Bieber, Oliver Lindsay, Samuel Lindsay of Litchberry and Mr. and Mrs. Stubbelfield.

Jason Hygiene, Royal Plush, Wilson Bros., Duford and Munsing Underwear for men are among some of the leading makes of Underwear sold by FRANK BYRNS' Hat Store.

WOMEN SHOULD REGISTER.

All the women of Illinois are interested in the success of educational forces of the state and therefore should not fail to register next Tuesday. They have the right to vote for university trustees in the coming election.

MYERS BROS. CORN CONTEST.

Myers Bros sixth annual corn show has just been announced and will extend over a shorter period than in former years. Entries can be made until Nov. 15 and farmers have a chance to have some generous cash prizes. For the best sample five ears of yellow corn the prizes will be, first, \$5; second, \$3, and third, \$2. A like offering is made for white corn and the sweepstakes prize is \$10 in merchandise. The awards will be made in accordance with the score card of the American Corn Growers' association. In other years there has been a great deal of interest in the Myers Bros. contests and this year there will no doubt be even more spirited competition for the liberal prize money.

Nice assortment of trousers can be found at Garland & Co.'s.

Mrs. John Johnson is visiting with her brother, James McBride in Joliet.

Complete line of Stetson Hats on display at Garland & Co.

OBSERVE ANNIVERSARY TODAY.

Special Program Prepared for Eightieth Anniversary of Central Christian Church.

Special programs have been prepared for the morning and evening services at Central Christian church today in observance of the eightieth anniversary of the church. GOPHERS SWAMP IOWA BY BIG SCORE

MAKE GAINS THROUGH HAWKEYE LINE AT WILL.

Minnesota Uses Forward Pass Successfully—Chicago, Army, Yale, Harvard, Syracuse and Navy are Among Winners—Other Games.

Minneapolis, Minn., Oct. 26.—Minnesota met Iowa in the former's first "big nine" conference game of the season today and the Gophers walked over, ran around and bucked through the Hawkeye's making gains at their own will. When the procession was completed at the end of the last quarter the score stood Minnesota 56, Iowa 7, the Hawkeye's scoring on split plays and double passes which the Minnesota subs could not fathom.

From the first the Gophers had the game their own way. McAlmon, Erdall and Tollefson making slides almost at will on the "shift" and using the forward pass successfully for a ground gainer and to open up the defense. It was one of these from Tollefson to McAlmon that netted Minnesota's second touchdown.

Line-up: Minnesota. Position. Iowa. Raymond. Sunderson Sawyer. Trickery Sprum. Hanson (Capt.) Robertson. Houghton Rosenthal. Clements Shaughnessy. Kirk Aldworth. Von Lachmen Tollefson. Curry McAlmon. Dick Erdall. Parsons Tobin (Capt.) McGinnis

Northwestern 20; Indiana 7. Bloomington, Ind., Oct. 26.—The Northwestern University football team rallied after the first period and defeated Indiana University by 20 to 7 today. The Hoosier team showed a flash in the first period but after that time failed to hold its pace.

Yale 13; Washington-Jefferson 3. New Haven, Conn., Oct. 26.—Showing unexpected aggressiveness in offensive work and a consistently tight defense, Washington and Jefferson held Yale to a 13 to 3 score here today. In the third period, when Patterson made a field goal from Yale's 40 yard line, the visitors clearly outplayed the blue.

Yale had the ball on the visitors' seven yard line in the first period, but lost it on downs. In the second period, by steady line plunging Yale scored two touchdowns, but only one goal was kicked.

Harvard 36; Brown 10. Cambridge, Mass., Oct. 26.—Many brilliant runs, much line punting, a few successful forward passes out of numerous tries, an unusual number of penalties, mostly against the Crimson, and ineffectual line plunging of both teams, marked Harvard's victory over Brown today by the score of 36 to 10.

Oak Park Scores at Will. Evanston, Ill., Oct. 26.—Oak Park's national champion high school football team scored touchdowns off Evanston academy today till the players were too tired to make further effort and contented themselves in playing horse with the defeated players. The final score was 14 to Evanston's nothing.

West Point, N. Y., Oct. 26.—West Point defeated Colgate here today 18 to 7. Colgate scored a touchdown and goal in the first three minutes of play but was never dangerous thereafter.

Iowa Wesleyan 36; Lombard 0. Mount Pleasant, Iowa, Oct. 26.—Iowa Wesleyan won its football game with Lombard college 36 to 0 here today. Duncan for Wesleyan made four touchdowns.

Ohio State 45; Cincinnati 7. Columbus, O., Oct. 26.—Playing better all-around football and using the forward pass to advantage, playing line plunges for long gains and taking advantage of their opponents' higher weight, the Ohio State University football eleven today easily defeated the University of Cincinnati team 45 to 7.

Carlisle Indians 34; Georgetown 20. Washington, Oct. 26.—Carlisle Indians defeated Georgetown at football today 34 to 20. Outplayed in the first two periods, during which the Indians scored all their points, Georgetown strengthened in the second half and played an up-hill game. The Indians could do nothing with Georgetown's defense in the second half and were forced to kick repeatedly.

Princeton 22; Dartmouth 7. Princeton, Oct. 26.—Princeton surprised the most optimistic of her followers here today by defeating the Dartmouth eleven 22 to 7. Princeton's victory was purely a result of "out figuring" her opponents. Dartmouth assumed the attack and carried the ball well into Princeton's territory on a series of line plunges and a variety of trick plays which completely baffled the Princeton players. As the game progressed, however, the home eleven seemed to get stronger and showing remarkable speed both in offensive and defensive.

Illinois Varsity 21; Freshmen 3. Urbana, Ill., Oct. 26.—The annual football game today presented an unfavorable view of the progress of the University of Illinois team, the freshmen holding the older men to 21 points, themselves scoring three.

Cornell 14; Bucknell 0. Ithaca, N. Y., Oct. 26.—Cornell showed the best form of the year today and defeated Bucknell by 14 to 0, on a slippery field. Nearly all of the Cornell veterans were back in the game and played with an attack that the visitors could not withstand.

Chicago 7; Purdue 0. Chicago, Oct. 26.—Football players of the University of Chicago made further strides towards the

FOOTBALL.

Carlisle 34; Georgetown 20. Lehigh 20; Ursinus 0. Lafayette 7; Pennsylvania 3. Swarthmore 40; Johns Hopkins 6. Harvard 30; Brown 10. Army 18; Colgate 7. Navy 13; Pittsburgh 6. Cornell 14; Bucknell 0. Princeton 22; Dartmouth 7. Yale 13; Washington and Jefferson 3. Michigan 7; Syracuse 18. Ohio State 45; Cincinnati 7. St. Louis University 35; Miami 0. Marquette 0; Lawrence 12. Indiana 7; Northwestern 20. Minnesota 56; Iowa 7. Ohio Wesleyan 6; Case 19. Western Reserves 0; Oberlin 28. Chicago 7; Purdue 0. Kansas University 19; Kansas Aggies 6. Beloit College 7; Iowa Cornell College 0. New York University 6. Williams 6. Amburst 15; Trinity 0. Notre Dame 41; Wabash 6. Nebraska 41; Adrian Michigan College 0. Georgia 12; Alabama 9. Sewanee 33; Tennessee 6. Washington 13; Rola 6. C. B. C. 61; St. Veaters 0. Quincy High 7; Kirksville. Mo. High 17. McAllister College 19; University of North Dakota 6. Yankton, S. D.; South Dakota 13; Brookings Aggies 6. Ames, Iowa, Ames, 31; Grinnell 7. Decatur, Taylorville high, 13; Decatur high, 10. Danville, Danville high, 32; Urbana high, 7. Berkeley, Cal.; Australians, 16; University of California, 0. Parkio, Mo.; Bellevue, 14; Parkio, 19. Lake Forest, 14; Knox, 7. Norman, Missouri, 7; Oklahoma, 0.

"big nine" championship today by beating Purdue University 7 to 0 on Marshall Field. The score was the smallest registered by the Maroons against Purdue in eleven years. Pierce bucked through the of the game ten minutes after the ball started. The rest of the contest consisted of punting and alternate clashes on brilliant straight football, Chicago excelling in the ground gaining.

Lafayette 7; Pennsylvania 3. Philadelphia, Oct. 26.—Pennsylvania was defeated by Lafayette today 7 to 3. The Quakers eleven played poor football while the up-state team put up a magnificent game both on the attack and defense.

Syracuse 18; Michigan 7. Syracuse, N. Y., Oct. 26.—The Syracuse eleven defeated the University of Michigan today by 18 to 7. The game was played on a wet field, and with a light falling rain, was spectacular. Long runs and fine tackling characterized the contest.

Morningside 26; Creighton 7. Sioux City, Iowa, Oct. 26.—Morningside outplayed Creighton university of Omaha today and won, 26 to 7.

Drake 28; Simpson 0. Des Moines, Iowa, Oct. 26.—In one of the hardest battles ever fought by the two teams, the Drake University football eleven defeated Simpson college here today, 28 to 0. It was a struggle from start to finish with the Simpson defense disputing every inch of ground.

PRESIDENT JAMES ISSUES STATEMENT

Says Lawlessness in Celebrations Should be Stopped by Students Themselves.

Champaign, Ill., Oct. 26.—President E. J. James of the University of Illinois today issued a statement indicating that he might limit the character of student gatherings in order to eliminate the "hoodlum element." Mr. James' statement was called out by the mass meeting of the students yesterday to protest against the riots of last week.

"The obligation rests on us as university men to uphold obedience to law," Mr. James said. "A tendency to lawlessness is too common a quality of our American citizens inside and outside of the universities. We have to change the character of student jollifications altogether if we cannot prevent the hoodlum element from appearing. Efforts to force free shows or free rides should be nipped in the bud by the students themselves. The way to do this is for each individual to leave the body as soon as tendency to lawlessness shows itself. There is no such thing as an innocent bystander in a riot."

President James thanked the students participating in the mass meeting for their pledge to support the police when necessary.

A look at the L. SYSTEM. Suits sold by Garland & Co. will convince you of their superior style and fabric.

MURDERS WITH TARGET GUN. Des Moines, Oct. 26.—Turning from target practice in a shooting gallery here tonight, Michael Clark fired a revolver at a stranger who was standing near.

The man died shortly after being taken to a hospital without disclosing his identity. The bullet had pierced his brain. Clark was arrested.

Halloween goods. Obermeyer's.

HAS KEPT PARTY PLEDGES. Buffalo, N. Y., Oct. 26.—Secretary of Commerce and Labor Nagel, spoke here tonight in furtherance of President Taft's candidacy. He said the president had been true to the party's pledges.

THE HERO OF THE WORLD'S SERIES

Red Sox Premier Pitcher, Only 22 Years Old—Started in Chicago Amateur Clubs.

Since his remarkable work with the Boston Red Sox during the season just closed and also in the world's series with the Giants, many questions have arisen among local baseball fans as to the history of Boston's star twirler, Joe Wood. The facts in the following history of the Red Sox pitcher are taken from the November issue of the Baseball Magazine.

Joe Wood was born at Kansas City, Mo., October 25, 1889, and his native city also produced three other well known major league players in the persons of Joe Tinker of the Cubs, John Kling of the Boston Nationals and George Stovall of the St. Louis Browns, but although Joe is younger than all the others and has just begun his real career he has outdistanced them all. Joe's parents moved to Chicago when he was quite young and remained in that city until he was 11 years of age. It was on the amateur diamonds of this city that Wood began his career as a member of the east of the great national show, and where he first began his work as a pitcher. The family soon moved to Colorado where it remained for five years and during this time Joe played as often as possible and developed that terrific speed which characterizes his delivery. When he was 16 years of age Wood went with his family to Ness City, Kan., where they remained for the next five years and in the year 1906 he broke into the ranks of the semi-professionals. The following year he played with Hutchinson in the Western association and the next year joined the Kansas City club of the American association, the same year being taken in as a member of the Red Sox, taking part in four games.

Walter Johnson, the king of pitchers, of the Washington Americans, and Wood, his nearest rival, are evenly matched, as is shown in the duel which Johnson lost to Wood 1 to 0, but Johnson is given the preference by the players, which is no discredit to the Red Sox star pitcher. In addition to being a great pitcher Wood also was a good batting eye and clouts out numerous safe hits.

He spends his winters on a farm near Parker's Glen, Pa., where he occupies his time by raising chickens. Wood's record for his four years in the majors, as given by "Baseball," follows:

Year	Games Won	Lost	Avg.
1909	24	11	.611
1910	35	12	.680
1911	44	23	.657
1912	39	31	.556

WILL ADDRESS D. A. R.

Mrs. Jessie Palmer Weber of Springfield to be Guest of Chapter. The Rev. James Caldwell Chapter, D. A. R., will have as their guest next Tuesday afternoon Mrs. Jessie Palmer Weber of Springfield. The gathering will be at 8 o'clock at the home of Mrs. O. F. Bufile, 1052 West Lafayette avenue. Mrs. Weber is librarian of the State Historical society. She is the daughter of Gen. John M. Palmer and is a woman of rare ability. She will give an address before the local chapter and her coming is anticipated with much pleasure.

Colonial and the Blackstone, two new styles in collars, sold exclusively by Garland & Co.

Got Your Homestead Yet?

Everybody entitled to a homestead wants one, of course, but until the statute was required to live continuously on the land for five years before the government would turn it over to him to be his very own. Now it is altogether different, and irrigated farms in the Big Horn Basin of Wyoming and Yellowstone Valley of Montana, Mondell 320-acre free homesteads in Wyoming and 640-acre untrigged free Kinkaid homesteads in Nebraska, can be taken up on a new and liberal plan. You can prove up and get title in three years' time, and will be permitted to leave your homestead five months each year, so that you can go home and earn money with which to buy stock and get your homestead farm going. This is very important and opens up a splendid opportunity to men, young and old, that will get well fixed. Write me what kind of land you are interested in, and I will write you all about the new law and the lands that the government will grant you. You can buy a railroad ticket from Omaha to Thermopolis and return for \$32.50—proportionate rates from other points, on the first and third Tuesdays of each month, good for 25 days. You can see the 640-acre homesteads in Nebraska, the Mondell lands in Wyoming, the Yellowstone Valley lands at Huntley and Billings, Mont., the irrigated lands in the Big Horn Basin and spend a few days at Thermopolis, where the benefits to be derived from the waters of the Hot Springs are wonderful. Think what a grand trip this would be!

Perhaps you could arrange to go with me on one of the above excursions, or know someone who would like to go. I have no land for sale—the Burlington merely employs me to give information and assist anyone interested in this wonderful country, without charge. Let me know from what point you will start and on what date you wish to go. I will send you information about the lands and tell you just how and where to meet me in Omaha. D. Clem Deaver, Immigration Agent, Burlington Route, 336 Q Building, Omaha, Nebraska.

The Service this Store gives its Patrons:

No other organization has a keener desire, greater abilities, or so great facilities to serve you men as they should be served.

Our chain of four large stores offers to you many unusual advantages, our expert buying staff selecting only the best from the New York and other large clothing centers. Buying in such large quantities, we get prices which would surprise ordinary clothing dealers. You get the benefit.

And the strongest point of all this: Because of our great purchasing power we are enabled to give you the greatest value that money can secure.

Stop in any day and let us show you how we make good.

CORN PRIZES

For the Best Three Ears of Corn

FIRST PRIZE, \$25

SECOND PRIZE, \$15

THIRD PRIZE, \$10

All corn entered must be grown this year within fifteen miles of Jacksonville and entered by the grower. It must be picked with the husks so that it can be husked thereby and brought to The Farmers' State Bank & Trust Company before the 15th day of next November. Competition open to everyone except stockholders of the bank. Prizes will be awarded by a corn expert according to the 1908 standard of The Illinois Corn Growers' association. All corn entered to become the property of the bank.

ONE DOSE RELIEVES A COLD - NO QUININE

Pape's Cold Compound Cures Colds and Grippe in Few Hours—Tastes Nice—Acts Gently.

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine—belongs in every home. Tastes nice.

ANNUAL ILLINOIS U. FALL FIELD MEET

GOOD SHOWING MADE IN FALL HANDICAP EVENT.

Freshmen Fail to Come Up to Expectations—Butts Throws Discus 130 Feet—Griffin Wins Pole Vault in Easy Fashion.

Urbana, Ill., Oct. 26.—Good performances marked the annual fall handicap field meet of the University of Illinois. Freshmen failed to make the expected showing and the high jumps were off, but a few good races evened these for a better average. Butts heaved the discus 130 feet, being the second Illinois to do so.

Griffin cleared 11 feet in the pole vault. Summaries:

120-yard high hurdles—Strunkard, first three yards; Case second, scratch; Fish third, three yards.

Time—16:25.

100-yard dash—Hohman, first, five yards; Allison, second, six yards; Harris third, three yards.

Time—10:15.

Quarter mile run—Hunter, first, scratch; Henderson, second, scratch; Palmer, third, 12 yards.

Time—32.

Half mile run—Cope, first, scratch; Watson, second, 20 yards; Thompson, third, 15 yards.

Time—4:45.

Shotput—Husted, first, six feet; Butts, second, scratch; Pruitt, third, three feet. Distance 40 feet, 6 inches.

High jump—Bibb and Hofman, first; both three inches; Stunkard, third, four inches. Height, 5 feet, 9 inches.

Two mile run—Burgoon, first, 100 yards; Martin, second, 75 yards; Conderman, third, 50 yards.

Time—10:22.

Half mile run—Tapping, first, 10 yards; Hunter, second, five yards; Henderson, third, scratch.

Time—2:03.

Discus throw—Butts, first, scratch; Cooper, second, 10 feet; Lane third, eight feet. Distance, 130 feet.

220-yard dash—Gordon, first, 10 yards; Stinton, second, scratch; Kellogg, third, 1 yard. Time—23:15.

220-yard low hurdles—Fish, first, five yards; Case, second, scratch; McKeown, third, five yards.

Time—26:15.

Hammer throw—Mather, first, 25 feet; Cooper, second, scratch; Worrell, third, 10 feet. Distance, 138 feet, 9 inches.

THE TEMPERATURE.

The temperature for Saturday, according to G. H. Hall, weather observer at Alexander, was: maximum 69, minimum 36.

WILL ATTEND FUNERAL.

Quite a number of G. A. R. members will attend the funeral of Robert L. Wyatt at Murrayville today.

J. O. Hamilton of Laomi is visiting his Jacksonville friends. He has been visiting at Concord, the county farm and other places. He is looking quite well though he nearly lost the sight of both eyes.

FINAL MATINEE AT NEW BERLIN

RACING SEASON CLOSED BY GOOD PROGRAM.

Large Crowd Witnessed Four Splendid Races in Which Fast Time is Made—Names of Winners and Officials.

The New Berlin Driving club put on the last matinee of the season Saturday afternoon, the program having been postponed from last Wednesday on account of bad weather. It was one of the best matinees ever held by the club and there was an attendance of 1400. The various events were warmly contested and some of the races were very close. The club expects to organize next year on a larger scale and will endeavor to give the people bigger races. The season has been most successful and the patrons have been well pleased.

The following is yesterday's program:

Free for All Pace. Purse \$40.

Gift Gamelon, owned by Fred Points, Waverly, 1 1 1 1 Dan T., owned by O. Robinson, Waverly, 2 2 2 2

Time 1:05; 1:06; 1:05 1-2; 1:04 1:04.

Free for All Trot. Purse \$40.

Silver Addie, owned by E. D. Jerico, New Berlin 2 3 1 1 Olmont, owned by Frank Fitzhugh, Laomi, 1 1 2 2

Fletcher C., owned by C. F. Corrington, New Berlin, 3 2 3 3

Time 1:08; 1:09; 1:08; 1:07.

Special Race. Geo. Tell, owned by M. Workman, Laomi, 3 3 1 1

Little Harry, owned by H. Davenport of Pisgah, 2 1 2 3 Kingman, owned by M. L. Elliott, Waverly, 1 2 3 2

Time 1:12 1-2; 1:11; 1:07 1-2; 1:08.

Running Race One-Half Mile. Wier, owned by Dr. Watts, New Berlin, first; St. Louis Joe, owned by J. J. Bergschneider, New Berlin, second; Guy Johnson, owned by L. Roades, Waverly, third. Time 53 3-4 seconds.

Officials: Starter—George Craig, Woodson. Judges—William Masters, Pisgah; W. W. Jarrett, New Berlin; W. E. McCurdy, Woodson.

MURDERED WOMAN WAS A GOVERNMENT SPY. Federal Official's Disclosures Show Woman Was Undoubtedly Slain For Revenge.

Chicago, Oct. 26.—Jennie Cavaglieri, the woman murdered in Bridgeport, Conn., was a government spy and was slain in revenge for her disclosures and to prevent more of them, according to disclosures here today by a federal official.

The woman's real name was Rose Rossie, it was said. She had been a resident of Chicago's vice district and was furnishing the government information concerning a society of men and women organized to import girls from Europe. She was taken east with several other Chicago women by George Craft, assistant superintendent of the New York office of the federal bureau of investigation, to testify against a man under indictment for violation of the white slave act. She informed against Demetrio Mariano, now under arrest in New York and later was condemned to death at a meeting of white slavers. Five men were named to kill her and it was done in Bridgeport, where she went to testify.

"SCRUBS" DEFEATED AT GREENFIELD

Game End in Farcial Manner When Second Team Played Listlessly in Last Quarter—Score 32 to 0.

The "Scrubs" of Illinois college and the high school team of Greenfield mixed in a football game Saturday afternoon in Greenfield, which ended in a farcial manner. The "Scrubs" virtually quit playing in the last quarter and the score was 32 to 0 in favor of Greenfield when time was called. Greenfield got their first touchdown in the initial quarter on a fuke.

According to the local players some shady plays were pulled off which they objected to and as a result, the Greenfield bunch had easy picking for the last three minutes of the game. Cook, Foster and Maxfield were the best players for the Greenfield team, while Holmes and Berryman were ground gainers for the Scrubs.

The following was the line up.

Scrubs. Position Greenfield

Piercele..... Maxfield

Russel R.t..... Robbins

Berryg..... Keohn

Berrymanc..... Valentine

Russel S.r..... Gustine

Holmest..... Fansler

Kliner..... Faith

Furrrh.b. Cook (Capt.)

Duggerrh.b. Foster

Darrachb..... Walbridge

Hunzikerqb..... Hall

Officials—Referee, Ross; Umpire, Goode; Headlinesman, Wajl.

"KIMMEL" NOT YET LOCATED. St. Louis, Oct. 26.—Attorneys for the insurance company, the defendant in the Kimmel mystery insurance suit, announced tonight that they had asked the police of Chicago and Niles, Mich., to look for the claimant, who testified this week that he is the missing George A. Kimmel.

The claimant disappeared Wednesday before his cross-examination was completed in the local circuit court and is the chief witness of the insurance company.

PEORIA DROPS GAME TO J. H. S.

CONTEST IS WON EASILY BY SCORE 27 TO 0.

Jacksonville Outplayed Visitors at Every Stage of the Game and Had Forward Pass Well in Hand—Visitors Resorted Mainly to Line Plunges.

The Peoria Manual Training school football squad, characterized primarily by a two man team, was easily defeated Saturday afternoon on Illinois field by Jacksonville high school, by a score of 27 to 0. Jacksonville, although crippled by the absence of two veterans, Captain Stewart and Fullback Jackson, played the game in great form and had the forward passing working in tip-top order. The Peoria team was built up around Doering (captain), left halfback, and De Nufrio, fullback. Most of the gains made by the visitors were by line plunges, with these two men carrying the ball. The visitors resorted very little to forward passes and every attempt proved a failure. They used ends runs very little too, and confined themselves principally to line plunges. This the locals got next to before the game was half over and before the contest came to a close, the line plunges by the visitors netting but little ground.

Reeve played a star game for Jacksonville and showed his ability in breaking up plays. His long runs and dodging tactics were the cause of the "Roovers" putting on some extra yells. The showing that J. H. S. made was commendable, revealing the fact that the team work is better and the individual work is improving. Jacksonville has some tough games before them, the one with Champaign being among the number and the career of the squad from now on will be watched with renewed interest.

Jacksonville got the kick off and Ward received the ball. Jacksonville held the visitors for downs and Reeve and Cannon both advanced the sphere seven yards and in an attempt of forward pass the ball went high, to Johnson. Peoria used a forward pass and in line bucks were held for downs. Peoria was penalized five yards for an off-side play. Cannon made a pretty run of 25 yards and after another forward pass and end run by Reeve, Cannon broke through the line for big gain. The J. H. S. men worked the ball close to goal when they fumbled. Peoria attempted a forward pass behind the goal line, thus netting Jacksonville two points. The quarter ended with the ball on Jacksonville's thirty yard line.

In the second quarter goals were exchanged and Reeve started the fireworks again by a 15-yard run. In forward pass Peoria got the ball and Bolmar carried the ball back for a gain of 15 yards. The visitors were held for downs. Cannon netted the locals twenty yards by a forward pass, with another pass to Burdick of 10 yards. Jacksonville lost the ball on the 10-yard line on fumble. De Nufrio and Doering began to get into the game in earnest at this point and carried the ball 15 yards. After this the ball was held for downs and visitors were held for downs and with a good run by Reeve and a forward pass to Burdick some lost ground was recovered. The ball was steadily worked down toward goal when Reeve went over for a touchdown, making the score 9 to 0.

Jacksonville kicked off. Chamberlain receiving ball. De Nufrio bucked the line for a 5-yard gain, which was followed by a slight gain on end run. De Nufrio and Doering, by line plunges carried the sphere 19 yards, the quarter ending with the ball well in Peoria's territory.

In the second half Strawn took Allcott's place at left guard. Doering kicked off for Peoria and the locals carried the ball down the field with brilliant plays by Reeve and Burdick. After J. H. S. made attempt through the line, Johnson received a pretty pass from Reeve and went over for a touch down. Hall failed to kick goal, the score being 15 to 0. Jacksonville kicked off again, Dries receiving ball. J. H. S. was penalized for off-side play. Doering was handed the ball for three successive times at this junction and made good gains at each down. In using a forward pass, Reeve caught the oval and after a couple of plays the sturdy little left halfback made a pretty run of 30 yards. The rest of the quarter witnessed a saw-saw game and at its close Chamberlain secured the ball in a forward pass and almost got away in a clear field.

The fourth quarter witnessed some big gains for Jacksonville and Peoria appeared to content themselves with mostly defensive work. Briscoe took Strawn's place at left guard and Brejmer was sent in to relieve Ward at center on the Peoria team. Doering kicked off for Peoria, the ball being received by Reeve. Peoria held the locals for downs and J. H. S. in the next minute secured the ball on a fumble. Again the locals walked down the field with the ball and after Reid had made a seven yard gain through the line, Johnson went around the end for a touch down, making the score 22 to 0. Jacksonville secured another touch down after Reeve had made a 10-yard run, followed in close succession by a big end run by Cannon for 35 yards, when the ball was sent over for another touchdown, score 27 to 0. There was yet two minutes of time in which to play and Jacksonville made a desperate effort to get another touchdown, but time was called after the two teams had scrambled up and down the field, with the locals steadily gaining.

The following was the lineup:

J. H. S. Position. Peoria

Burdick R. E. Bolmar

Reid R. T. Werner

Hale R. G. Westover

Alcott L. G. Ward

Hall L. T. De Boff

Johnson L. E. Wynd

Waddox Q. B. Chamberlain

In the original contract the water company was to have the right to go upon the land to lay the pipe and afterward to repair or inspect it and any damage done to crops or fences was to be paid.

Read the Journal; 10c a week.

Reeve L. H. B. Doering (C.)

Cannon R. H. B. Cannon

Spears F. B. De Nufrio

Officials—Referee, Harmon; Umpire, Thompson; Headlinesman, Widenham; Assistants, Brown and one-half minute quarters were played.

ASKS COURT TO CANCEL CONTRACT

A. L. French Brings Suits Against Jacksonville Water Works Company—Pipe Line Runs Through His Farm Near Chapin.

A suit was filed in the circuit court Saturday by William N. Hairgrove, acting in behalf of Arthur L. French against the Jacksonville Water Works company, whereby he allowed the company to lay the pipe line through certain lands near Chapin belonging to him and in consideration the company agreed to tap the pipe at the farm and furnish water

at a rate not to exceed fifty cents a thousand gallons. It was specified that the contract should be void if the provisions were not carried out within one year.

Mr. French is now asking that the court declare the contract cancelled in view of the fact that the plant was not operated and the water was not delivered as agreed upon. The bill sets forth that the company had the contract recorded in the office of the county recorder and that it is therefore a cloud upon the title to the land. In so much as the line was not completed within a year as specified in the contract and the plant was not operated as agreed upon the complainant asks that the contract as now on record be cancelled.

Allinson Thomason

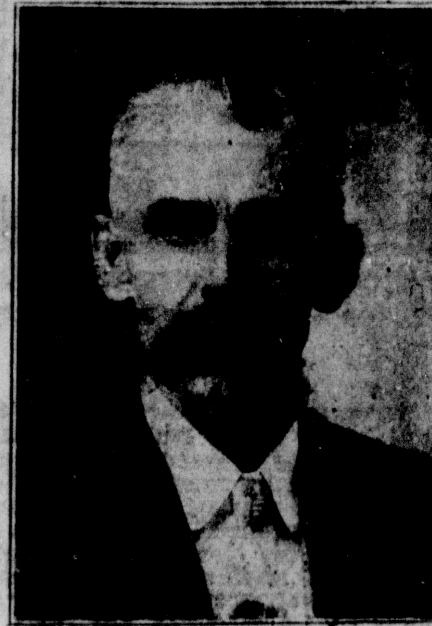

Is the Candidate For

COUNTY COMMISSIONER.

You Should Vote For Him.

He is a Farmer and a Business man, and one that will endeavor to fulfill the duties of the position.

Two of the present Commissioners are Democrats. Let us have a Minority Republican.

Tremendous Values In Suits For Men and Women

Illinois Stock Exchange

ASKS COURT TO CANCEL CONTRACT

A. L. French Brings Suits Against Jacksonville Water Works Company—Pipe Line Runs Through His Farm Near Chapin.

A suit was filed in the circuit court Saturday by William N. Hairgrove, acting in behalf of Arthur L. French against the Jacksonville Water Works company, whereby he allowed the company to lay the pipe line through certain lands near Chapin belonging to him and in consideration the company agreed to tap the pipe at the farm and furnish water

at a rate not to exceed fifty cents a thousand gallons. It was specified that the contract should be void if the provisions were not carried out within one year.

Mr. French is now asking that the court declare the contract cancelled in view of the fact that the plant was not operated and the water was not delivered as agreed upon. The bill sets forth that the company had the contract recorded in the office of the county recorder and that it is therefore a cloud upon the title to the land. In so much as the line was not completed within a year as specified in the contract and the plant was not operated as agreed upon the complainant asks that the contract as now on record be cancelled.

WOMAN'S COLLEGE GUILD IN SESSION

Mrs. De Motte An Honored Guest —Dr. Harker Pointed Out Ways to Help.

The October meeting of the Women's College Guild was held in the chapel yesterday afternoon with the president, Mrs. E. C. Carpenter, in the chair. The report of the last meeting and the announcement of the members of the standing committee was made by the recorder, Miss Janette Powell.

Special interest was given this session by the presence of Mrs. D. Motte, first vice president of the University Guild in Bloomington. Mrs. De Motte was a student in the Woman's college during President Adams' administration and in her cordial greeting from her own guild she also expressed her congratulations for all the progress, the development and beauty she found in the college today. In her address she told of the organization of the University Guild six years ago, of the activities in which it had engaged in its endeavor to forward the welfare of the university and of the splendid achievements realized.

The derelict of the guild is made up with three ladies from each of the 17 churches of the city, and the membership numbers 1,000 ladies who pay an annual fee of \$1 each. This indicates the popularity and eager enthusiasm which characterizes the movement in behalf of a local institution in which the citizens feel an ever increasing pride. Among the enterprises which have been managed with success are a three-days' carnival which made over three thousand dollars; a bazaar which was held for six days, each day in a different home in a different part of the city; picnic lunches and afternoon teas. The opening and management of two houses as dormitories for women students, the equipping of a domestic science department and paying the teachers salary, painting the buildings and many other benefits attest to the helpfulness of the guild in the maintenance of the university.

At the close of Mrs. De Motte's address President Harker was called upon to speak and in a happy, earnest way called upon those present to consider the possibilities of a higher helpfulness which women of the community might render in the present crisis and struggle of the Women's college toward a more advanced and secure position.

Mrs. Loring moved a vote of appreciation of the courtesy and pleasure given the guild by Mrs. De Motte's visit, be extended and this sentiment was unanimously expressed in a standing vote. Delightful musical numbers by Miss Miller and Miss Grace Nicholson completed the program, after which a social hour was pleasantly spent in the reception room.

MATRIMONIAL

Whitney-Murphy.

ROBERT BLUE'S RESIDENCE BURNS

House on West State Street, Immediately West of Finley Street, Totally Destroyed.

Saturday night about 9 o'clock the residence of Robert Blue at 1460 West State street was totally destroyed by fire and all of the house furnishings were burned. It is thought that the fire originated from a defective flue.

The fire was first discovered by Mrs. Burrell Hitt and when she saw it the roof was ablaze. The fire department was notified and made a quick run to the scene but as the fire had gained such headway it was impossible to have the building and they turned their attention to saving the adjoining buildings. Mrs. Blue had gone to Chicago on the excursion and for a time it was thought that Mr. Blue was probably in the first but just as the department was getting ready to leave he drove up and it developed that he had been visiting with his father on Lincoln avenue.

The house was a two-story frame structure, estimated to have been worth \$1,000, which was about half covered by insurance.

GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such as the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

CHURCH SERVICES.

Brooklyn—Sunday school 9:30. Preaching by pastor 9:45. Subject "What is Good". Junior league at 2:30. Senior league 6:30. Sermon at 7:30 will be delivered by Rev. Roscoe Linder. Special chorus music at all the services. Everybody welcome.

Congregational—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. morning worship at 10:45. Young peoples meeting at 6:45 p. m. Evening worship at 7:30.

Centenary M. E.—G. W. Flagg, pastor. Sunday school, 9:30 a. m. Albert C. Metcalf, superintendent. A fine orchestra makes the music of the school specially worth hearing. Sermon, 10:45 a. m. Subject, "The Law of Gifts." Epworth league, 6:30 p. m. Leader, A. M. Jackson. Sermon, 7:30 p. m. Subject, "An Emigrant of Faith." We cordially invite those who so desire to come and worship with us.

German M. E.—Divine service at 10:30. The meeting will consist of song, congregational singing, prayer reading of scripture. Sermon and closing exercises. F. Gruenewald, pastor.

Central Christian—Clyde Darsie, minister. This congregation will celebrate the eightieth anniversary of its organization next Sunday. There will be special services both at 10:45 a. m. and 7:30 a. m. in honor of this event. The chorus choir will sing a specially prepared program. There will be messages from a number of ex-pastors of the church. Mr. Darsie will deliver an historical address at the morning service entitled "Eighty Years of History." And at the evening service George L. Snively, a former pastor, will speak on the subject: "Our Immortals." There will be on display pictures of men and women prominent in the history of the congregation and other matters of interest. The Bible school will meet at 9:30 a. m. and the Y. P. S. C. E. at 6:30 as usual.

First Baptist—W. L. Dorgan, pastor. Services Sunday morning and evening conducted by the pastor. Morning sermon: "Why I Am a Church Member." Sunday school at 9:30 and at the Mission at 2:30. Meeting of the juniors at 2:30. This will be a joint meeting with the other Juniors of the city. B. Y. P. U. service at 6:30. Evening service at 7:30. Sermon, the fourth in the "Pilgrim's Progress" series. Subject "Climbing Over the Wall." A cordial invitation is extended to all the services of the day.

Trinity—Oct. 27, Twenty-first Sunday after Trinity. Holy Communion 7:30. Morning prayer and sermon 10:45. Evensong, 7:30. Subject of morning sermon, "Tuberculosis." Oct. 28, Feast of S. S. Simon and Jude. Holy Communion 9:30. Nov. 1, Feast of All Saints. Holy Communion 7 and 9:30. Morning prayer at 9. Evensong 4.

Salem Evangelical Lutheran. East College street. Rev. J. G. Kuppler, pastor. Sunday school at 9:30 a. m. Divine services in German at 10:30 a. m. and in English at 7:30 p. m. Everybody welcome.

Centenary M. E.—G. W. Flagg, pastor. Sunday school 9:30 a. m. Albert C. Metcalf, superintendent. The school is growing; the men's class have splendid new quarters; come and visit us if you do not attend Sunday school elsewhere. We expect to have seventy-five men in the class Sunday. Sermon 10:45 a. m. Subject, "It is Finished." Epworth league, 6:30 p. m. Miss Cora Potter, president. Sermon, 7:30 p.

m. Subject, "The Voice of the Storm." We will be glad to have you attend both league and preaching services.

Northminster Presbyterian—The Sunday school and Men's Bible class meets at 9:30 a. m. The pastor will preach morning and evening. The morning subject will be "One Responsibility." He will have something to say about the "white plague." The sermon in the evening will be evangelistic. The subject will be "A Message From God." The church is planning to have one of the most interesting meetings in the history of the church next Wednesday afternoon and evening. The meeting will be a roll call and will be held from 3 to 5 o'clock, and from 7 to 9. Light refreshments will be served from 6 to 7 o'clock. Every member is expected to be at this meeting and answer to the roll call. All the old people will attend in the afternoon and a committee is appointed to provide a way for them to get to the church. Christian Endeavor at 6:30 p. m.

Preaching service at Mt. Zion 11 o'clock. Oct. 27th. Sunday school at Lynnville 2 p. m. and church service at 3 p. m. Everyone is cordially invited to attend any or all of these services and worship with us. Roscoe Linder, 846 Grove street.

Grace—J. W. Miller, pastor. Sunday school at 9:30. F. E. Baldwin, superintendent. Large orchestra leads the music. A fine program every Sunday. Preaching at 10:45. Theme, "Man's Greatest Discovery." Junior League at 3 o'clock. General class meeting at 3:30. Epworth League at 6:30. Preaching at 7:30. Theme, "What Will Your Answer Be?" The Chorus Choir will lead the singing of the evening service. All are welcome to these services.

Westminster Presbyterian—Corner West College avenue and Westminster street. L. H. Davis, minister. Bible school at 9:30. Bible class for Business Men and college Junior League at 3 o'clock. All are welcome to these services.

Mt. Emory Baptist—Rev. A. A. Russell, pastor. Preaching as usual at 10:45 a. m. and at 7:30 p. m. Sunday school at 2:30. Mrs. M. Adora Bryant, superintendent. Deacon Ellis Moore, assistant. The chorus will sing. Mrs. Ida McCree will reside at the piano; E. D. Hayden, chorister. All are welcome. Those who failed to take part in the rally last Sunday will be expected to comply this Sunday.

State Street Presbyterian—Howard D. French, minister. Morning service 10:45. Preaching by the pastor. Topic: "The Man With One Talent." Vesper service 4:30 under the direction of the Brotherhood. This is the National Anti-Tuberculosis Sunday. Miss Morrison, who is in charge of the local club, and Mr. French will make brief addresses.

A TEXAS WONDER. The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. I not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. E. W. Hall, 2325 Olive street, St. Louis, Mo. Sold by druggists.

FOOTBALL GAME. In the football game played Saturday afternoon at Waverly, Auburn defeated Waverly by a score of 40 to 7. The attendance at the game was large and the intense.

FEEDING FOR EGG PRODUCTION.

By J. H. Robey, Fairfield, Ill.

In the matter of feeding for egg production I must say there is room for great improvement over present methods employed by the average farmer. Corn seems to be the universal feed for poultry on most farms, and we find it fed in every conceivable form from the ear like feeding hogs and cattle to the meal cooked into "jenny cakes."

Corn is good, but should not be fed alone; it should be ground or cracked and mixed with wheat and oats in about equal parts, increasing the amount of corn in cold, and decreasing it in warm weather. It is still better to have a greater variety of grains such as barley, rye, Kaffir corn, sunflowers, etc., all of which can be grown on the farm. In winter when the ground is covered with ice and snow, this mixed grain should by all means be fed in a deep litter of straw or leaves and the hen be compelled to scratch for it thus providing the necessary exercise to induce egg production.

The Dry Mash Popular. The dry mash is becoming popular as an egg producer and it is cheap and easily fed. It is usually composed of about equal parts, by weight, of fine cracked or ground corn, wheat bran and shorts, and if to this is added ground oats and 10 per cent of commercial beef scraps with a small amount of powdered charcoal, a very valuable mash food is formed. This should be fed in hoppers or an ordinary box so arranged as to prevent the hens from scratching out the feed.

The green feed so necessary for winter egg production can also be grown on the farm; sugar beets and mangels, suspended just high enough for the hens to have to jump for it, is good; alfalfa and red clover may be cut and saved for winter green feed; these may be chopped and mixed with the dry mash, or they may be scalded and mixed with a wet mash. If a warm well lighted basement is available for the purpose, a rack that will hold a system of shallow trays containing a small quantity of earth may be provided, and in these, oats may be sown at proper intervals, and an excellent green feed supplied throughout the winter.

Proper Housing Important. Even though we have the very best breeds properly fed we can not hope to produce eggs in winter with our hens roosting in trees, or discarded sheds; under such conditions it requires all the food a hen can eat to keep her warm. We should provide good houses—not necessarily expensive, but with tight roofs, walls and floors, well ventilated or with open floors.

We insist that farmers take more interest in this one of our best paying crops—poultry and eggs. Use an incubator; get out a nice lot of early hatched pullets, produce winter eggs in large numbers, use better judgment in caring for the flock, feeding, housing, etc., produce guaranteed eggs and the value of poultry and egg production in this state may be increased 50 per cent per annum. Illinois Farmers' Institute.

DEDICATES NEW CATHEDRAL. Denver, Colo., Oct. 26.—Cardinal John M. Farley and several high church dignitaries arrived in Denver today to attend the ceremonies dedicating the new \$500,000 Cathedral of the Immaculate Conception. A feature will be the kneeling in the streets of several thousand parishioners tomorrow during the benediction to be pronounced by Cardinal Farley.

Bishops and priests numbering about 300 from all parts of the country are here to participate in the ceremonies. Miss Sue K. Cassell has gone to Chicago for a visit with relatives.

STRAW VOTE IN WAVERLY. Wilson Smith of the Waverly Journal took a straw vote during the two days of the Farmers' Institute with the following result, Taft 29, Roosevelt 86, Wilson 88, Funk 90, Deagen 34 and Dunne 59. The vote on woman's suffrage was 116 for and 51 against.

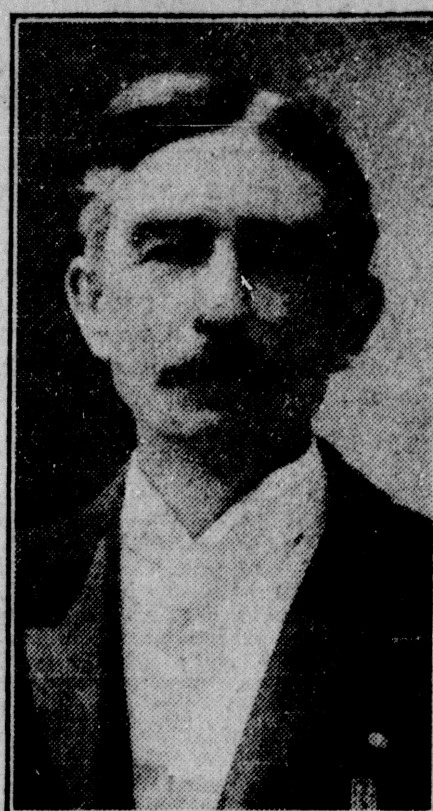

OUR UP TO DATE NEW MILLINERY ALWAYS THE BEST AND CHEAPEST. J. HERMAN.

LOOKS LIKE A PARK.

The ruins of the Brown-Greenleaf house on West State street have all been cleared off and one of the barns has been removed. Now the property looks much like a small park.

MATHIS, KAMM & SHIBE SAY: Felt shoes and slippers, felt boots, overshoes, leggings, overgaiters, etc., are now ready; prices always reasonable.

DR. CRAFTS IS COMING.

Margaret Anglin.

Tuesday evening of this week Dr. Wilbur F. Crafts will lecture at the First Baptist church on "That Boy and Girl of Yours." The lecture is free and the public is invited.

Wilbur F. Crafts is at the head of the Reform Bureau at Washington, D. C., and is said to be one of the most effective speakers of the speaking staff. The International Reform Bureau was inaugurated in 1895 by Rev. Wilbur F. Crafts, Ph. D., in a course of lectures on Sociology at Princeton university. In 1896 the Bureau was incorporated at the national capital. Its trustees and directors are well known business and professional men whose names represent real interest.

It is the only national reform organization that has a building of its own at Washington. This building—or rather the greatly needed new building which the bureau is anxiously hoping that some patriots with means will enable us soon to erect—promises to stand as long as the adjoining capitol building and library of congress, an ally of the first good legislation, and of the second in civic education.

The International Reform Bureau is a non-partisan, non-sectarian organization whose primary object is to secure the passage of important and much needed legislation along the lines of moral reform; to defeat immoral legislation, and to arouse interest among good citizens in civic betterment.

It is a good time right now to get fitted out with fall footwear. Our stock is in excellent shape. Come in and see the styles.

CHURCH SERVICES.

Brooklyn—Sunday school 9:30. Preaching by pastor 9:45. Subject "What is Good". Junior league at 2:30. Senior league 6:30. Sermon at 7:30 will be delivered by Rev. Roscoe Linder. Special chorus music at all the services. Everybody welcome.

Congregational—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. morning worship at 10:45. Young peoples meeting at 6:45 p. m. Evening worship at 7:30.

Centenary M. E.—G. W. Flagg, pastor. Sunday school, 9:30 a. m. Albert C. Metcalf, superintendent. A fine orchestra makes the music of the school specially worth hearing. Sermon, 10:45 a. m. Subject, "The Law of Gifts." Epworth league, 6:30 p. m. Leader, A. M. Jackson. Sermon, 7:30 p. m. Subject, "An Emigrant of Faith." We cordially invite those who so desire to come and worship with us.

German M. E.—Divine service at 10:30. The meeting will consist of song, congregational singing, prayer reading of scripture. Sermon and closing exercises. P. Gruenewald, pastor.

Central Christian—Clyde Darsie, minister. This congregation will celebrate the eightieth anniversary of its organization next Sunday. There will be special services both at 10:45 a. m. and 7:30 a. m. in honor of this event. The chorus choir will sing a specially prepared program. There will be messages from a number of ex-pastors of the church. Mr. Darsie will deliver an historical address at the morning service entitled "Eighty Years of History." And at the evening service George L. Snively, a former pastor, will speak on the subject: "Our Immortals." There will be on display pictures of men and women prominent in the history of the congregation and other matters of interest. The Bible school will meet at 9:30 a. m. and the Y. P. S. C. E. at 6:30 as usual.

First Baptist—W. L. Dorgan, pastor. Services Sunday morning and evening conducted by the pastor. Morning sermon: "Why I Am a Church Member." Sunday school at 9:30 and at the Mission at 2:30. Meeting of the juniors at 2:30. This will be a joint meeting with the other Juniors of the city. B. Y. P. U. service at 6:30. Evening service at 7:30. Sermon, the fourth in the "Pilgrim's Progress" series. Subject "Climbing Over the Wall." A cordial invitation is extended to all the services of the day.

Trinity—Oct. 27. Twenty-first Sunday after Trinity. Holy Communion 7:30. Morning prayer and sermon 10:45. Evensong, 7:30. Subject of morning sermon, "Tuberculosis." Oct. 28, Feast of S. S. Simon and Jude. Holy Communion 9:30. Nov. 1, Feast of All Saints. Holy Communion 7 and 9:30. Morning prayer at 9. Evensong 4.

Salem Evangelical Lutheran—East College street. Rev. J. G. Kuppler, pastor. Sunday school at 9:30 a. m. Divine services in German at 10:30 a. m. and in English at 7:30 p. m. Everybody welcome.

Centenary M. E.—G. W. Flagg, pastor. Sunday school 9:30 a. m. Albert C. Metcalf, superintendent. The school is growing; the men's class have splendid new quarters; come and visit us if you do not attend Sunday school elsewhere. We expect to have seventy-five men in the class Sunday. Sermon 10:45 a. m. Subject, "It is Finished." Epworth league, 6:30 p. m. Miss Cora Potter, president. Sermon, 7:30 p.

m. Subject, "The Voice of the Storm." We will be glad to have you attend both league and preaching services.

Northminster Presbyterian—The Sunday school and Men's Bible class meets at 9:30 a. m. The pastor will preach morning and evening. The morning subject will be "One Responsibility." He will have something to say about the "white plague." The sermon in the evening will be evangelistic. The subject will be "A Message From God." The church is planning to have one of the most interesting meetings in the history of the church next Wednesday afternoon and evening. The meeting will be a roll call and will be held from 3 to 5 o'clock, and from 7 to 9. Light refreshments will be served from 6 to 7 o'clock. Every member is expected to be at this meeting and answer to the roll call. All the old people will attend in the afternoon and a committee is appointed to provide a way for them to get to the church. Christian Endeavor at 6:30 p. m.

Preaching service at Mt. Zion 11 o'clock, Oct. 27th. Sunday school at 9:30 a. m. and church service at 3 p. m. Everyone is cordially invited to attend any or all of these services and worship with us. Roscoe Linder, 846 Grove street.

Grace—J. W. Miller, pastor. Sunday school at 9:30. F. E. Baldwin, superintendent. Large orchestra leads the music. A fine program every Sunday. Preaching at 10:45. Theme, "Man's Greatest Discovery." Junior League at 3 o'clock. General class meeting at 3:30. Epworth League at 6:30. Preaching at 7:30, theme, "What Will Your Answer Be?" The Chorus Choir will lead the singing of the evening service. All are welcome to these services.

Westminster Presbyterian—Corner West College avenue and Westminster street. L. H. Davis, minister. Bible school at 9:30. Bible class for Business Men and college class for students at the same hour. Morning worship at 10:45. Y. P. S. C. E. at 6:45. Evening worship at 7:30. The public is cordially invited to all services.

Mt. Emory Baptist—Rev. A. A. Russell, pastor. Preaching as usual at 10:45 a. m. and at 7:30 p. m. Sunday school at 2:30. Mrs. Madeline Bryant, superintendent; Deacon Ellis Moore, assistant. The chorus will sing. Mrs. Ida McCree will preside at the piano; E. D. Hayden, chorister. All are welcome. Those who failed to take part in the rally last Sunday will be expected to comply this Sunday.

State Street Presbyterian—Howard D. French, minister. Morning service 10:45. Preaching by the pastor. Topic: "The Man With One Talent." Vesper service 4:30 under the direction of the Brotherhood. This is the National Anti-Tuberculosis Sunday. Miss Morrison, who has charge of the local clinic, and Mr. French will make brief addresses.

A TEXAS WONDER.
The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. E. W. Hall, 2325 Olive street, St. Louis, Mo. Sold by druggists.

FOOTBALL GAME.
In the football game played Saturday afternoon at Waverly, Auburn defeated Waverly by a score of 40 to 7. The attendance at the game was large and the intense.

FEEDING FOR EGG PRODUCTION.

By J. H. Robey, Fairfield, Ill.

In the matter of feeding for egg production I must say there is room for great improvement over present methods employed by the average farmer. Corn seems to be the universal feed for poultry on most farms, and we find it fed in every conceivable form from the ear like feeding hogs and cattle to the meal cooked into "jenny cakes."

Corn is good, but should not be fed alone; it should be ground or cracked and mixed with wheat and oats in about equal parts, increasing the amount of corn in cold, and decreasing it in warm weather. It is still better to have a greater variety of grains such as barley, rye, Kaffir corn, sunflowers, etc., all of which can be grown on the farm. In winter when the ground is covered with ice and snow, this mixed grain should by all means be fed in a deep litter of straw or leaves and the hen be compelled to scratch for it thus providing the necessary exercise to induce egg production.

The Dry Mash Popular.
The dry mash is becoming popular as an egg producer and it is cheap and easily fed. It is usually composed of about equal parts, by weight, of fine cracked or ground corn, wheat bran and shorts, and if to this is added ground oats and 10 per cent of commercial beef scraps with a small amount of powdered charcoal, a very valuable mash food is formed. This should be fed in hoppers or an ordinary box so arranged as to prevent the hens from scratching out the feed.

The green feed so necessary for winter egg production can also be grown on the farm; sugar beets and mangels, suspended just high enough for the hens to have to jump for it, is good; alfalfa and red clover may be cut and saved for winter green feed; these may be chopped and mixed with the dry mash, or they may be scalded and mixed with a wet mash. If a warm well lighted basement is available for the purpose, a rack that will hold a system of shallow trays containing a small quantity of earth may be provided, and in these, oats may be sown at proper intervals, and an excellent green feed supplied throughout the winter.

Proper Housing Important.
Even though we have the very best breeds properly fed we can not hope to produce eggs in winter with our hens roosting in trees, or discarded sheds; under such conditions it requires all the food a hen can eat to keep her warm. We should provide good houses—not necessarily expensive, but with tight roofs, walls and floors, well ventilated with open fronts.

We insist that farmers take more interest in this one of our best paying crops—poultry and eggs. Use an incubator; set out a nice lot of early hatched pullets, produce winter eggs in large numbers, use better judgment in caring for the flock, feeding, housing, etc., produce guaranteed eggs and the value of poultry and egg production in this state may be increased 50 per cent per annum. Illinois Farmers' Institute.

DEDICATES NEW CATHEDRAL.
Denver, Colo., Oct. 26.—Cardinal John M. Farley and several high church dignitaries arrived in Denver today to attend the ceremonies dedicating the new \$500,000 Cathedral of the Immaculate Conception. A feature will be the kneeling in the streets of several thousand parishioners tomorrow during the benediction to be pronounced by Cardinal Farley.

Bishops and priests numbering about 200 from all parts of the country are here to participate in the ceremonies.
Miss Sue K. Cassell has gone to Chicago for a visit with relatives.

DRAIN TILE

When it comes to QUALITY and PRICE on DRAIN TILE the product from the new plant (The White Hall Drain Tile Co.) satisfies every purchaser, and every purchaser becomes a "booster" for our Drain Tile.

If you do not have our prices from the new plant, same will be sent you on receipt of inquiry. A sample Drain Tile will also be sent on request.

Four to five cars of small sizes are manufactured at the new plant daily and about as much more of the large sizes at our large factory.

Get our new quotations.

NOW IS THE TIME

To have your bicycle cleaned and overhauled and put in shape so the bad weather will not rust and wear it out. An ounce of prevention is worth a pound of cure, and a dollar spent now will be worth the price of your bicycle if you let it go without cleaning through the winter snow and wet weather. We also store bicycles at a reasonable price for the cold weather.

If you ride in cold weather a pair of mud guards will keep your clothing and bicycle too. In good shape so it will be almost as good next spring as it is today. The price is not too high? Not when they cost \$1.50 a pair.

TAFT'S TRIBUTE TO POLAND'S PAST

PRESIDENT MADE ADDRESS AT
DEDICATION OF POLISH COLLEGE.

Country Has Done Much for Protection of Christian Civilization—Position on Immigration Question is Defined—Has a Fifth in American Influence on Foreigners.

Cambridge Springs, Pa., Oct. 26.—President Taft left here tonight for Washington, his vacation over, his last engagement kept, to begin the winter's work. The president traveled from Boston more than 500 miles to speak today at the opening of the National Polish Alliance college here. On the way to Cambridge Springs he addressed crowds at Jamestown, N. Y., Corry, Union City and Meadville, Pa.

Urges Farm Co-operation. In all these speeches he avoided politics, dwelt on prosperity and peace and urged his farmer audiences to press their state legislatures to back the administration plan of co-operative banks for farmers.

The president is due in Washington early Sunday, and has put two positive engagements away from the capital in the next two weeks, one at New York, Oct. 30, when the battleship New York is to be launched, the other in Newark, N. J., Nov. 2, at the dedication of a monument to George Washington.

Beginning Monday he expects to take up the work of writing his annual message to congress and pick up the threads of department routine.

President Taft came to Cambridge Springs today and delivered an address at the dedication of the Polish college here. He spoke as follows:

Mr. Chairman, members of the Polish National Alliance of America, ladies and gentlemen:

We are met today to dedicate a college founded by, and to be conducted under the auspices of, the Polish National Alliance. This expression, on the part of the Poles of the United States, of a desire to perpetuate in this land of their adoption the highest institution of learning, for the purpose of furnishing to their educated youth an opportunity for the study of the language, the literature, and the history of Poland, presents an interesting phase of the settlement of this country by immigrants from European countries. If such an institution as we are now welcoming into life were to have the effect of separating into an isolated community the Poles who come to this country, or preventing them from learning the English language, of reducing their interest in the political life of the United States, and of minimizing their sense of loyalty to the government and country of their adoption, then it might be questioned how far those of us who are not Poles, and whose first interest is that of the country at large, should encourage this effort; but fortunately no such narrow limiting motive actuates the movement, the consummation of which we dedicate today.

Poland's History. The history of Poland records the history of a wonderful people whose peculiar form of government and whose geographical position in Europe first gave them great influence and great power for good in the protection of western European Christian civilization against the invasion of the Tartars and the pagan tribes of the east, and then led to misgovernment and offered their territory, lying as it did, without natural boundaries, in the center of Europe, to be divided between the three countries having more stable governments, but altogether forgetful of the gratitude due to Poland for what she had done in saving Europe.

"Times does not permit more than a passing reference to the noble record that the Polish people made while a nation. Their territory in its greatest length exceeded 700 miles, and in its greatest width was a little less than that. It covered a space of 282,000 square miles, and a country which now has a population of 24,000,000. It reached from the Baltic, at one corner, to the Black sea, at the other. The Carpathian mountains separated it from Austria and the Danube provinces; and it lay in mid Europe, a rich agricultural country, with no natural protection on any side sufficiently extended to be important. It had a landed nobility and a peasant class, and here seems to have been no burner or middle class engaged in business as middlemen. This function was performed by German and foreigners who lived in the cities. The people of Poland in early days were adapted to farming and fighting. The government control was in a Diet of the landed aristocracy. It conformed to a constitution that contained seeds of its destruction, for in that Diet every noble was given a "liberum vote," so-called, the right to stop proceedings, and to prevent action, and this exaltation of the individual as a member of the Diet promoted a factionalism that greatly weakened the strength of the union of the constituents of the government."

The Question of Immigration. "I cannot close without some reference to the question of immigration, and the attitude that ought to be taken by the lovers of our country. I am one of those who believe that America is greatly better in her present condition, and will have still greater advantage in the future, because of the infusion into our body, political and social, of the sturdy peasantry and the better educated classes who have come to us from the nations of Europe. In the actual development of the country, it would have been impossible for us to have done what has been done in the construction of railroads, in

the development of our farms, and in the establishment of our industries, had we not had the strong arms and the steady heads of those who have come to us from continental Europe. Assuming that the foundation of our country and the original people here were from the islands of Great Britain and Ireland, and treating the foreign question as one now of immigration from continental Europe.

No Fear as to Future. I repeat that I do not share in the fear that our citizenship is ultimately likely to suffer by the coming from other continental countries for the purpose of permanent settlement of any of the peoples who are now coming. We have a right to have, and ought to have, immigration laws that shall prevent our having thrown upon us undesirable members of other countries, like the criminals, the imbeciles, the insane and the permanently disabled, but we have a vast territory here not yet filled, in the development of which we need manual labor of a constant and persistent kind, and I think we have shown in the past, as we shall show in the future, that our system of education is sufficiently thorough and sufficiently attractive to those who come here that they of all others avail themselves of it with promptness and success.

Faith in America. I have an abiding faith in the influence of our institutions upon all who come here, no matter how lacking in education they may be. If they have the sturdy enterprise to leave home and to come out to this new country to seek their fortunes, it is not the ignorant who scoff at education—they value it. They sacrifice everything to enable their children to obtain that which they were denied. The second generation of a sturdy but ignorant peasantry, "I am proud of our country that we have had its doors swinging easily open for the industrious peoples of other countries that have sought ours for greater happiness and quicker development, and he would be blind indeed who would deny that a substantial part of our progress is due to this policy of generosity toward those who are seeking the atmosphere of freedom and the land of equal opportunity.

brought to this country and raised in an atmosphere of thrift and hard work, and forced by their parents into school to obtain an instrument of self-elevation, has always contributed to the strength of our people, and they will continue to do so. The difficulty that they do not speak our language makes the process of amalgamation slower perhaps, but it does not prevent it.

AMBASSADOR REID IS 75.

New York, Oct. 26.—Whitelaw Reid, the American ambassador to Great Britain, will celebrate his 75th birthday anniversary tomorrow. He is now at his home in this city on leave of absence. Rumors are in circulation that he may soon retire from the ambassadorship, owing to his age and a desire to give closer attention to his interests at home.

Mr. Reid has had a career filled with many successes and honors. He is a native of Ohio and a graduate of Miami university. He joined the Republican party at its birth, made political speeches for Fremont in 1856, and advocated the nomination of Lincoln in 1860. He was a civil war correspondent for a Cincinnati paper and after the war accepted an invitation from Horace Greeley to join the staff of The Tribune. The following year he became its managing editor, and upon the death of Mr. Greeley in 1872 Mr. Reid became chief proprietor of the paper. Mr. Reid has held the post of ambassador to the Court of St. James for more than seven years, a record without parallel in the history of the American diplomatic service. Previous to his appointment in 1905 he had represented his country at Queen Victoria's jubilee in 1897, as one of the commissioners who negotiated the peace treaty with Spain in 1898, and as the representative of the president at the coronation of King Edward in 1902. In 1892 he was the candidate of the Republican party for vice-president of the United States.

BRYAN AND WADSWORTH.

The following is from a Brockton, Mass., paper: In an article under the caption, "Men You Ought to Know," a tribute is paid Rev. Dr. Julian S. Wadsworth, former pastor of the Central M. E. church, and an interesting comparison is made between Dr. Wadsworth and his friend and former college mate, William J. Bryan. It says in part:

"Rev. Julian S. Wadsworth, D. D., pastor of the Trinity Methodist Episcopal church of Providence, R. I., is a popular minister, presiding over a large congregation and membership. With ever increasing favor, he is preaching forceful and evangelistic sermons on Sunday mornings. They are evoking most favorable comment and the cry on the part of his auditors is, 'More of the same sort.'"

"Dr. Wadsworth and W. J. Bryan were in college together in the state of Illinois. One chose the ministry and the other the political activities of the 'clean politics' order. One has fulfilled his mission of preaching the word to sympathetic audiences—and the other is known the country over as the silver-tongued orator. Each in his field has shown what natural abilities augmented by close application to study and prayerful attention to the source of wisdom, which is not of this world, but cometh from above, is capable of doing for men who put Christ in the foreground, in honor preferring one another."

MARK SITE IN WASHINGTON'S CAMP.

Newton, N. J., Oct. 26.—A monument to mark the spot where Washington and his army encamped on the way from Newburg to Morristown in 1779 was unveiled today with interesting exercises. The monument was presented to the town of Newton by Marchioness Ellen Kays, McLoughlin of Brooklyn, whose grandfather, Lieut. John Kays, was an officer in the Continental army. Each

NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C., Oct. 26.—The week will see the close of the presidential and state political campaigns. All parties are preparing for the customary "whirlwind" finish, although doubt is expressed in the informed quarters whether the heaviest oratorical guns that can be brought into action will be effective in dispelling the pall of indifference with which the nation's financial and business interests and to a great extent the public at large, appear to await the outcome of the election on November 5.

Colonel Roosevelt expects to be able to attend the final campaign rallies of his party in New York city. Governor Wilson has several speeches booked for the week and Governor Marshall will be heard in several of the western states, winding up in Chicago the Saturday night before election.

President Taft has accepted an invitation to speak at the dedication of a statue of Washington in Newark, N. J., on Saturday. From Newark it is probable the president will go direct to Cincinnati to vote at the election.

Thursday is the day fixed for the launching of the battleship New York, now building at the Brooklyn navy yard. The New York is a sister ship to the dreadnought Texas, recently launched at Newport News. The two vessels will be the largest fighting ships of the American navy. The cases of Sigmund Allen and Wesley Edwards, the only ones of those alleged to have been concerned in the Hillsville court house tragedy who have not been tried, will be called for trial Monday at Wytheville, Va. Allen and Edwards are alleged to have been the principal conspirators in the plot that resulted in the deaths of six persons in the raid on the court house at Hillsville last March. It is reported that they may plead guilty and accept life term sentences in lieu of standing trial.

Many archbishops, bishops and clergymen of the Roman Catholic church will assemble in Denver Monday to take part in the silver jubilee celebration of the consecration of the Rt. Rev. Nicholas Matz, bishop of the Denver diocese for the past twenty-five years.

The presidential election in Cuba is to be held Saturday and the result is awaited with keen interest because of the disturbed financial and political conditions in the island republic. President Gomez declined the solicitations of his friends and supporters to accept a renomination. The leading candidates to succeed him are Gen. Marie Menocal, conservative, and Alfredo Zayas, the present vice-president of the republic and the candidate of the principal wing of the liberal party. The latest news from Havana appears to justify reasonable expectations that Gen. Menocal can carry formed an alliance with the second wing of the liberal party under the leadership of Gen. Asbert, governor of Havana province.

FINAL SPECIAL TAX NOTICE.

In the matter of the special tax of the city of Jacksonville for the construction of a brick pavement on Franklin street.

Notice is hereby given to all persons interested that the board of local improvements of said city has heretofore filed in the county court of Morgan county, Illinois, in said cause a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true will be held in said court on the 5th day of November, A. D. 1912, at 9 o'clock or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Board of Local Improvements of the City of Jacksonville, Ill.
By E. M. Henderson, Secretary.

Dated Jacksonville, Ill., Oct. 3, 1912.

DENVER'S MAGNIFICENT CATHEDRAL.

Denver, Colo., Oct. 26.—Headed by his eminence Cardinal Farley of New York, dignitaries of the Roman Catholic church from all parts of the United States are here to attend the dedication tomorrow of the Cathedral of the Immaculate Conception, said to be the most magnificent church edifice west of the Mississippi. The ceremonies, which are to begin tomorrow morning with the celebration of mass by Archbishop Pitaval of Santa Fe, are to cover two days.

Archbishop Glennon of St. Louis will preach the dedication sermon and among the other members of the hierarchy who will assist in the ceremonies are Bishop Lillis of Kansas City, Bishop Scannell of Omaha, Bishop Tihen of Lincoln, Bishop McGovern of Cheyenne and Bishop Hennessey of Wichita. The ceremonies of the second day of the celebration will be combined with an observance of the silver jubilee of the consecration of Bishop Matz, the head of the Denver diocese.

The new Cathedral of the Immaculate Conception, represents more than seven years' work of artisans, skilled craftsmen and laborers. The structure cost more than \$200,000, exclusive of furnishings, and was built entirely by voluntary contributions. The ground on which it stands was donated by four of Denver's leading citizens.

The cathedral is a fire proof structure of steel and granite. It is 196 feet long, 62 feet wide at the nave, 110 feet in the transept and 60 feet in the sanctuary. The church is surmounted by two magnificent towers having a height of 200 feet each.

LADIES' TAILORING

Suits and Coats to Order

500 samples to choose from, also from your own cloth. Cleaning, altering, repairing. Improved machinery, best work.

C. V. FRANKENEERG
SOUTH-EAST CORNER SQUARE

New Modern and Up-to-Date Equipment Just Installed at Cottage French Dry Cleaning Works

Feel Bully! Head Clear, Stomach Sweet, Bowels Right—"Cascarets"

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach, and are all worn out. Are you keeping your bowels clean with Cascarets—or merely dosing yourself every few days with salts, cathartic pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bully for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

WHAT S.S.S. STANDS FOR

The familiar letters, S. S. S., stand for **Siw's Sure Specific**, a name honestly and fairly earned by a great blood remedy. It is worthy of its title because it really **CURES** every ailment resulting from impure blood. The majority of physical afflictions are caused by bad blood, because a weak, polluted circulation deprives the system of its necessary strength and disposes it to resist powers.

S. S. S. cures every disorder which comes from weak or diseased blood, it tones up and regulates every portion of the system, and creates an abundant supply of nourishing properties which fill the circulation and bring health to the body. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, which are also possessed of great tonic properties. It does not contain a particle of mineral or other harmful drug, and is therefore the purest and safest blood medicine for young or old. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Malaria and all other troubles of a deranged circulation. Write for free book on the blood and any medical advice. No charge for either.

Political Notes And Comment

Progressives to Meet.

The Progressives of Morgan county have announced a meeting for court house tomorrow night. The speakers will be Dean Franklin, candidate for lieutenant governor and Dr. Aylesworth, candidate for congress. A special invitation has been extended to ladies to be present.

Hon. G. W. Barnes of Peoria has also been announced to speak and the occasion is being looked forward to with great interest by many. Jeffries' band will furnish music and William Riesschlager will deliver his speech, "Why I Am a Progressive."

The Free Trade Menace.

Chicago, Oct. 26.—From every section of the country come reports of an awakening of the American people to the menace of free trade, together with their determination not to allow the election of a Democratic candidate for the presidency.

Director Mulvane in charge of the western bureau of the Republican national committee, has been overwhelmed this week with information, through letters, personal visits and reports of recent polls, which demonstrates that the claim of 280 electoral votes for President Taft is conservative. In the closing days of the campaign there has been a tremendous swing toward Taft. The impossibility of Roosevelt's election is at last realized by even his most ardent admirers and they are confronted by the fact that if they throw their votes away upon a third term candidate they make possible the infatuation of a Democratic administration inflicting upon the country.

The issue is now squarely between Taft and Wilson, protection and free trade. Careful and impartial observers of the political situation long ago asserted that the third term candidate could not possibly carry enough states to give him 268 votes in the electoral college but the claims of the third termers were so noisy and insistent that they misled the public. This week, however, the Republican national committee gave wide publicity to a statement which showed the percentage of the Republican vote which Roosevelt would have to receive in order to be elected. This was so convincing that it has put the quietus upon the third term candidate's pretensions. It is shown, for instance, that in Illinois it will be necessary for Roosevelt to secure the votes of seven out of every ten Republicans in order to carry the state. In Kansas he must get eight out of every ten Republicans. In Indiana he must get nine out of ten. Everybody knows that he cannot possibly receive this vote and as the same unattainable percentage prevails in practically every state, his election is absolutely impossible.

Conditions in Illinois.

The Republican party is very much alive in Illinois," said former Senator William E. Mason, of Illinois, at Republican national headquarters today.

"The meeting at Wapella was attended by over 5,000 people and the crowd was so great that two stands were necessary. The people are awakened to the fact that they do not want any change in their present condition, and I think it is fair to say that we will get nearly as many Democratic farmers to vote the Republican ticket as we lose to the third term party. At Tuscola the opera house was crowded with as many standing as could be admitted. In that county the third party paper has claimed from 1,200 to 1,500 votes for its ticket. It is now admitting that the vote will not be over 600, and the Republican leaders in the county do not concede more than 150 to 300. Several leaders in the third term movement were at our meeting last night and four of them personally told me that they had intended to vote only the Republican state ticket but that they had now made up their minds to vote the entire ticket. If we can induce the voters to vote as they would on a jury, dispassionately and upon reflection, we will have an old time Republican majority in this state."

Taft and Pure Food Laws.

Charles D. Hillis, chairman of the Republican national committee, has issued the following statement: Opponents of President Taft's administration and of his re-election have issued a pamphlet containing an attack upon his administration of the federal health laws.

This is a subject of such direct vital interest to the American people that I deem it due to them to make explicit and specific denial of the charges set forth.

President Taft during his entire administration has displayed the keenest interest in the proper enforcement of existing federal health laws. He has not been content with this, but has recommended to congress comprehensive legislation providing for a bureau of public health under which all the activities of the federal government relating to that subject might be grouped.

Gov. Eberhardt Praises Taft.

Governor Adolph O. Eberhardt, of Minnesota, in a speech at Mankato, declared unequivocally for the re-election of President Taft. His speech lauding the president created tremendous enthusiasm and has aroused the Republicans of Minnesota, who have now arranged to run a special train through the state on a whirlwind tour, the details of which will be announced as soon as speakers have been selected.

Governor Eberhardt related a conversation which he had with President Taft in which the President said, "I would rather be president for only one term than be a trimmer for six." The governor's declaration elicited a thundering round of applause.

Secretary Nagel Content.

Secretary Nagel of commerce and labor will wind up his tour on Tues-

day, and then go to Pennsylvania. He says that he never doubted the re-election of President Taft, but is more confident than ever at the conclusion of his trip that the Republican tickets, national and state, will win next month.

Illinois Ticket Safe.

Chicago, Oct. 26.—Republican state headquarters today accepted the situation made evident by all available facts that the state ticket in Illinois is safe and turned particular attention to strengthening the campaign for the Republican legislative candidates in the score of districts which are held to be doubtful.

The doubt is caused by the candidates nominated by the Bull Moose party, which now admits that there is not the possibility of electing more than five members of the lower house at the outside.

All hope of a working minority as a balance of power in behalf of the Bull Mooseers, dwindled away by the action of the Chicago board of election commissioners which swept aside five of the Bull Moose legislative candidates in districts in Cook county where existed the only serious chance of victory for them through the plumping of all the Bull Mooseers by voting the straight Progressive ticket.

GENERAL ITEMS.

The names of eight parties will appear on the ballot in the coming election in Pennsylvania.

Governor Thomas R. Marshall of Indiana, Democratic candidate for vice-president, will close his campaign in Chicago on Oct. 31.

The state ticket in the coming election in Minnesota will contain 107 names, making it the largest ballot in the history of the state.

It is an interesting coincidence that William Sulzer, Democratic candidate for governor of New York, and Job Hedges, Republican candidate for the same place, are both natives of Elizabeth, N. J.

Key Pittman, who has been named as the choice of the Democrats of Nevada for United States senator, is a grand-nephew of Francis Scott Key, who wrote "The Star Spangled Banner."

The Progressives and Democrats of Rhode Island have combined to wrest control of the legislature from the Republicans, with a view to preventing the election of a Republican United States senator.

Thirty-three seats in the United States senate will be at stake in the coming election. Of these eighteen are now occupied by Republicans and thirteen by Democrats. Two vacancies, one in Colorado and one in Illinois, bring the total up to thirty-three.

In the coming election in Connecticut the Socialist party will have candidates in every one of the 35 senatorial districts in the state and candidates for representatives in 75 towns and cities. Candidates for congress and for all state offices also have been named.

Miss Anna Agnes Maley of Everett is the candidate of the Socialist party for governor of the state of Washington in the coming election. Miss Maley is believed to be the only woman ever nominated for the office of chief executive of any of the states.

For the third time in her history Kansas is to vote next month on a constitutional amendment providing for woman suffrage. Kansas was the first state in the union to vote on the matter. This was in 1866. It failed to pass. When the proposition came up for the second time in 1894 it was again defeated.

By no means all the men of twenty-one in the country are qualified voters. Practically every state bars convicts and as there are about 10,000 convicts in the prisons of the country, the election day on November 5 will mean nothing to a whole army of them. In addition to convicts, some of the states deny the vote to some of the insane, to non-taxpayers, and to United States soldiers and sailors.

Rev. Aaron Sherman Watkins, the prohibition party candidate for vice-president of the United States, was born 49 years ago in Rushsylvania, Ohio. After graduating from Taylor university, Upland, Ind., he became in turn a school teacher, a clergyman, a lawyer and a college professor. He was the prohibition candidate for vice-president four years ago, running with Eugene W. Chaffin.

LITERBERY REVIVAL.

Rev. C. Dent of Chicago, who is conducting a revival service at the Baptist church in Italy, is having great success. Friday night quite a number from this city attended the services. Among the members were Mr. and Mrs. John Samples and Mr. Smith. Today Rev. Mr. Dent will deliver a general sermon to sinners and christians. The meetings will continue all of this week. The evangelist is being assisted in the services by the pastor of the church, Rev. W. H. Dickman.

THOUSANDS OF GRATEFUL LETTERS.

From women in all parts of the United States and Canada who have been relieved from almost every form of female complaint such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains and backache, by Lydia E. Pinkham's Vegetable Compound, are on file in the Pinkham laboratories at Lynn, Mass., but no letter is ever published without written request or consent of the writer.

Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

RACING MATINEE.

The Jacksonville Driving Club has arranged a fine card for the matinee to open at 1:30 o'clock tomorrow afternoon. The card includes a free for all trot, a free for all pace and a 2:30 pace. The entry list is large and the best racing of the season is promised. Be sure to attend.

READY FOR BIG BALLOON RACE.

Stuttgart, Oct. 26.—Everything is in readiness for the great international balloon race for the James Gordon Bennett trophy, which will start from here tomorrow, and in which ten nations will be represented by twenty-three contestants. Today all who are interested in aeronautics or any branch of aerial navigation are eagerly awaiting the signal which will announce the starting of the first starter in the race. The other entries will follow at ten-minute intervals.

No balloon race that has ever been held has given promise of the success that is predicted for this year's international contest. In the number of nations represented it eclipses the previous contests held in Paris, St. Louis, Berlin and Kansas City. The race will also establish a new record in regards to the size and power of the craft which will compete.

Besides the Bennett cup, now held by Germany, as a result of her victory at Kansas City last year, the

winners of the race will receive several other handsome trophies and liberal cash prizes. The city of Stuttgart will distribute cash prizes amounting to 20,000 marks among the seven contestants making the best records in the race. Each of the contestants will in addition receive a valuable trophy.

The United States has three entries in the contest. They are the balloons Kansas City II, and Uncle Sam, both of which will fly the colors of the Kansas City Aero club, and the balloon Million Population of St. Louis.

Germany, Belgium, France, Austria and Switzerland have entered three balloons each, Italy two, and Denmark, England and Russia one each.

CARUSO'S COUSIN TO WED.

Paterson, N. J., Oct. 26.—At one of the largest Italian weddings ever celebrated in this city Miss Mary Caruso, a cousin of Enrico Caruso, the tenor, will become the bride tomorrow of Grancesco Sanciauto, of Passaic. One thousand invitations and

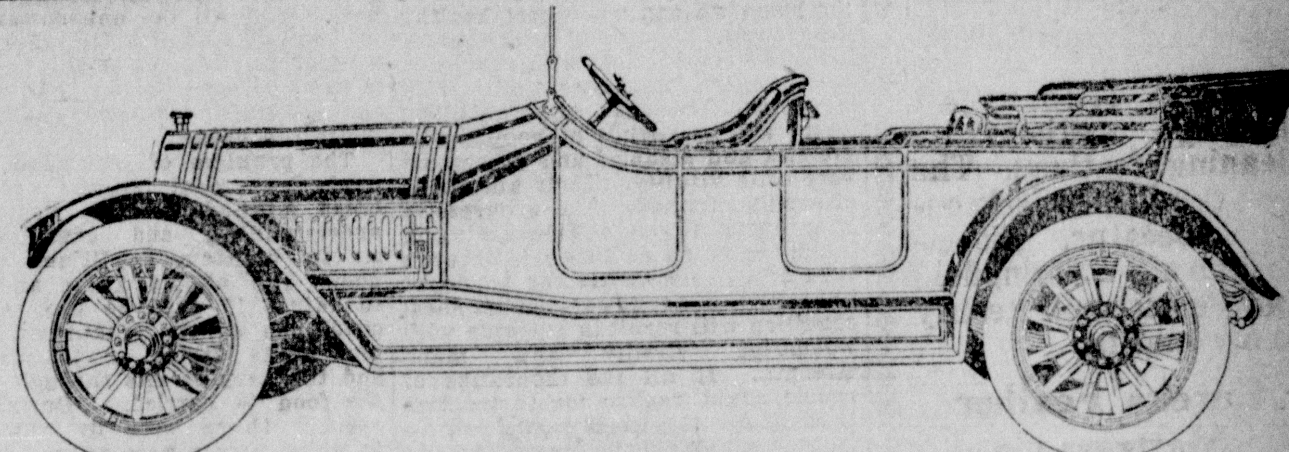

have been issued for the wedding, which will take place at the home of the bride's father, Giuseppe Caruso, who is a brother of the father of the famous singer.

FOR NEW COLLEGE BUILDING.
Kingston, R. I., Oct. 26.—The cornerstone of the New Science hall, which is to house the physical, biological and other laboratories of the Rhode Island State college, was laid today with interesting ceremonies. Former Governor Charles D. Kimball presided and a number of other public officials and educators participated.

EXECUTOR'S SALE.

J. H. A. F. & T. R. Cain will sell at public sale Wednesday, Oct. 30, at the residence of the late John Cain, five miles southeast of the city and two miles southwest of Arnold, 85 head of pure bred and high grade Angus cows, steers and heifers, 20 head of draft, road and saddle horses, 75 head of hogs; grain and implements.

FAVORITE BASE BURNERS

FOR WINTER COMFORT

It's all
in the flues

"Finest Heating Stove
in the World"

Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner--that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners--learned that it actually has no equal in beauty, durability, and fuel-economy--you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

supreme among heating stoves are all patented, and can be found on no other stove. You will find the principle reason why it is the best in the celebrated Separated Flue construction--and this feature is patented. Why not save two or three tons of coal this winter with a Favorite? You will

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want. Then, if you do not find it everything we have said of it true, we will take back the stove and refund your money. Do you think of a fairer proposition than that?

We could not afford to make this offer if we did not know that the Favorite would back up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it twice what it cost you, if you could not get another just like it.

If money counts--if comfort counts--if the health and happiness of your family count--if you cannot afford to buy or use a heating stove but the Favorite

GENERAL MARKET NEWS

WHEAT MARKET SHOWS SLIGHT GAIN

Final Tone of Market Shows Slight
Above Previous Day's Figures.

(By Associated Press.)

Chicago, Oct. 26.—Uneasiness that
Turkey as a war measure might close
the Dardanelles forced the wheat
market today upwards. Although
the final tone was easy latest fig-
ures were 1/4c above last night. Corn
was unchanged to 1/4c higher and
oats 1/4c off to ashade advance. Pro-
visions finished at a decline of 2 1/2
to 3c.

Trade made by the Balkan allies
lead wheat speculators to misgivings
above the Dardanelles. The Paris
market was said to be excited by
the effect on supplies if there was
a blockade of the Black Sea. Cable
reports told of critical crop condi-
tions in Australia and India owing
to lack of rain. In addition doubt
had been cast on Duluth cargoes
passing inspection under Chicago
rules. Profit taking and week end
evening-up eased prices during the
last half hour. December ranged
from 93 1/2c to 93 3/4c, with the
close 1/4c higher at 93 3/4c.

Corn proved inactive. What
strength there was came from
wheat. Predictions were for a lib-
eral run of receipts next week. De-
cember fluctuated between 53 1/2c to
53 3/4c, closing easy a shade higher
at 53 3/4c.

Owing to the rapid rate at which
oats were going into consumption
that cereal suffered no material set-
back, despite absence of export de-
mand. Outside limits touched for
December were 32 1/2c and 32 3/4c. The
close was 1/4c lower at 32 1/2c.

Provisions sagged on account of
weakness in the hog market. Pork
closed 15 to 20c lower and lard and
ribbs 2 1/2c to 10c lower.

CHICAGO LIVESTOCK MARKET.

Chicago, Oct. 26.—Cattle—Re-
ceipts, 600; market steady. Beeves,
\$5.30 to \$11.05; Texas steers, \$4.40 to
\$8.15; western steers, \$5.00 to \$8.90;
stockers and feeders, \$4.30 to \$7.40;
cows and heifers, \$2.75 to \$7.25;
calves, \$6.75 to \$10.25.

Hogs—Receipts, 11,000; market
15 to 20 lower. Light, \$7.75 to \$8.45;
mixed, \$7.50 to \$8.50; heavy, \$7.50 to
\$8.50; bulk of sales, \$8.10 to \$8.45.
Sheep—Receipts, 2,000; market
slowly steady. Native, \$3.30 to \$5.40;
western, \$3.65 to \$4.50; yearlings,
\$4.50 to \$5.65; lambs, native, \$5.00 to
7.00; western, \$5.25 to \$6.90.

ST. LOUIS LIVESTOCK MARKET.

St. Louis, Oct. 26.—Cattle—Re-
ceipts, 1800; market steady. Native
shipping and export steers, \$5.00 to
10.65; dressed and butcher steers,
\$3.40 to \$6.55; stockers and feeders,
\$3.75 to \$6.50; cows and heifers, \$5.65
to \$8.50.

Hogs—Receipts, 4,000; market
10c lower. Pigs and lights, \$6.75 to
\$8.40; mixed and butchers, \$8.30 to
\$8.50; good heavy, \$8.40 to \$8.50.
Sheep—Receipts, 100; market
steady. Muttons, \$4.00 to \$4.30; lambs
\$6.00 to \$7.30; culls and bucks, \$2.00
to \$3.25; stockers, \$2.75 to \$3.50.

PEORIA GRAIN MARKET.

Peoria, Ill., Oct. 26.—Corn—No. 2
higher, No. 2 yellow, 62 1/2c; No. 3
yellow, 62c; No. 2 mixed, 62 1/2c;
No. 3 mixed, 62 1/2c; No. 4 mixed,
60 1/2c; sample, 55c.

Oats, higher; No. 2 white, 33 1/2c;
standard, 33c; No. 3 white, 32 1/2c;
No. 4 white, 31 1/2c; sample, 30 1/2c.

NEW YORK STOCKS.

New York, Oct. 26.—No small
part of yesterday's loss was recover-
ed in today's quiet, but strong stock
market. The trading was of the
usual professional character, calling
for further short covering with an
evening-up of commitments under-
taken early in the week. On the
surface, at least, no alarm as to
the unfavorable bank statement was
seen. Reading was the foremost
feature, but as to volume and
strength, with some moderate in-
quiry for Hill issues and the south-
ern group as comprehended by
Louisville & Nashville, Atlantic
Coast Line and Seaboard common
and preferred, Union Pacific also
was in demand at a fair advance.

Among the Industrials United
States steel common and preferred
Amalgamated Copper and American
Copper preferred with strong gains
of a point or better, while Carolina
chemical and Texas company were
conspicuous in the special class.
Prices shaded slightly towards
close, but the undercurrent remained
strong with some general electric and
national discount.

Actual excess cash reserves de-
creased \$5,365,000, reducing the
surplus to a little over \$4,000,000.
The cash loss was \$8,959,000, with
a loan contraction of \$8,108,000 in
the "average" statement loans show-
ed a marked increase, and cash a
moderately large loss.

News from abroad was meagre,
our stocks reflecting unsteadiness in
London.

LETTER FROM PARIS.

By Associated Press.

Paris, Oct. 26.—America is a peculiar country, made up of violent contrasts and sharp distinctions, sublimating beneath the appearance of moral unity," according to Charles Hoffbauer, the noted French artist. He has just returned from a two years' sojourn in America, where he has been engaged upon the studies for the interior mural decoration of the Confederate Institute at Richmond, Va. These decorations will commemorate the soldiers of the south who fought for secession in the Civil war.

Mr. Hoffbauer has visited many of the battlefields of the war and has carefully studied the uniforms, arms, and accoutrements of the period. He

will cover several panels with war scenes, which he will make as realistic and as perfect as possible as concerns the portraiture of the leaders.

Regarding his impressions of America, Mr. Hoffbauer said: "I was not disappointed. Everything over there is picturesque and new, and there is much that is deeply impressive. The 'skyscrapers' reveal the American genius better than do the admirable revivals of antique architecture such as the Pennsylvania Railroad Terminal in New York.

"The people are laborious and independent in their habits, in spite of a certain respect for the social relations. It seems even that a younger blood revivifies the new generations. America, having long ago reached a high degree of economic development, is now moving towards its second stage. The industrial chiefs,

the financiers, the merchants feel that America lacks something which, if possessed, would make it one of the greatest nations in the world, and that this something is a strong artistic and literary culture.

The Balkan war has aroused more feeling in the Latin Quarter than anywhere else in Paris. The number of Greek, Servian, Bulgarian, Montenegrin, Roumanian and Turkish students in residence there for study at the Sorbonne is considerable.

For days, in fact, throughout the entire course of the diplomatic engagement here over the affairs of their countries, they abandoned the usual pleasures of the tables in the cafes of the Boulevard Saint Michel, even somewhat neglected their more serious business at the university, for discussions of patriotic interest and exhaustive reading of all newspapers, local or foreign, which could

throw any light on the situation at home.

In some of the little Oriental restaurants around the College of Medicine the change which came over the character as well as the mien of attendants was even more significant, for whereas generally students from Balkan countries mix at those places with Turks, eating the same dishes and rallying to the same conversations, all of the little rendezvous of near easterners became harbors for one crowd or the other social intercourse between Turks and the rest being out of the question.

A committee of Bulgarian students, representing those of their fellows who at once set out for the front upon receipt of first news of a possibility of war, addressed to the people of Paris a formal resolution of thanks for the hospitality with which their countrymen have been treated here. In the resolution the

liberty of France was spiritedly referred to by way of contrast to what were termed the "five century old" conditions in their own country which have been found no longer endurable.

Keepers of the little students' hotels in the Quarter complained that the call of war has emptied their rooms.

NOTICE.

All persons having accounts against the Country club will please present them to F. E. Farrell, secretary, on November 1.

READY TO HUSK CORN.

J. D. Pike, an enterprising citizen of the vicinity of Franklin, was attending to business in the city Saturday. He says he expects to begin husking corn Monday and Chas. Davis, Henry Stewart and others of his neighbors will soon be at it.

TURNING OUT FOR AN AUTO.

Farmers Voice: Driving in an auto one day last week as it was to be noticed that not one person out of half a dozen with a horse and team turned out of the beaten track as the laws directs when another vehicle approaches from behind. Was it possible that they did not know the law, or was it a lack of courtesy on the part of the ones who drove the horses? That is a good law and ought to be observed. It was always the law to turn out when meeting another vehicle. Why not when one comes up from behind and is going at a faster pace than the one in front?—S. B. Mason, McLean county farmer.

This law is found in chapter 121, paragraph 16 of Illinois Statutes, as follows: "Any such person so operating a motor vehicle or motor bicycle, shall, on overtaking any such horse, draft animal or other

vehicle, shall, as soon as practicable upon signal, turn to the right of the center of the beaten track of such highway so as to allow free passage on the left."

MARGARET ANGLIN

In "Green Stockings," Monday night at the Grand. It has been said that the title, "Green Stockings," Margaret Anglin's comedy, is a reminder of the fact that "Green Stockings" in England are given to old maids and worn by unmarried girls at their sisters' weddings. In the time of Charles II green stockings were in fashion. Fifty years ago it was a New England custom for a bridegroom to present a pair of green stockings to each of the unmarried sisters of his bride, and the stockings were subsequently worn at the weddings.

Read the Journal; 10c a week.
